

# GLYNN SWORN IN AS GOVERNOR

Assumed High Office This Afternoon; New York Attorney Is Lieutenant Governor.

SULZER SAYS FIGHT HAS ONLY BEGUN NOW

Will Be a Candidate for the Democratic Nomination at Next General Election.

Continued from Friday, October 17.

(By United Press Association.) Albany, N. Y., Oct. 17.—Governor Sulzer was removed from the governorship of New York by the impeachment court by a vote of forty-three to

lieutenant Governor Glynn was sworn in as governor in a few minutes before one o'clock this afternoon. The new governor evidently considered the time opportune for his inaugural address and assumed the office practically without comment.

Governor Sulzer told one of his lawyers today that he has only begun the fight and later added that under the circumstances he welcomed the verdict of removal, since the filing of the impeachment articles ruined his usefulness as a public official. He had no formal statement today but may do so later. He gave the impression that he will be a candidate for the Democratic nomination for governor at the next election. Should he fail to receive the Democratic nomination he will run as an independent candidate.

Sulzer was removed after the court voted that he was not guilty on articles five, six, seven and eight, which charged that he persuaded Becker Colwell not to respond to a subpoena from the investigating committee, that he committed larceny in speculating with campaign contributions, and that he threatened to use his office and influence to control public officials and that he used his office corruptly to effect the price of stocks because he was personally interested in them.

Sulzer's removal does not disqualify him from again holding office in New York state.

# OPTIMISTIC REPORTS FROM GRANGES FOR FUTURE

Linn County Pomona Met Wednesday Night with Morning Star Grange.

The Linn county Pomona met last Wednesday with Morning Star Grange with Master A. C. Miller presiding and F. M. Mitchell secretary.

Owing to the very stormy morning the attendance was not up to expectations. Of eleven members who intended coming up on the Oregon Electric from Salem only three grange brothers came up, namely Jacob Voorhees, Woodburn grange; F. A. Myers and J. A. Sellwood, Salem grange. In spite of unfavorable weather and the small attendance, a good time was experienced.

Reports from grangers were optimistic for the future. Mr. Voorhees as secretary of the Lower Columbia Fire Relief Association gave a flattering account of the organization which he said was now at a point where additional insurance was not necessary to insure success and maintaining the same on a safe basis. The amount insured is \$1,600,000, and steadily increasing.

None but members of the grange can insure, but the policy given for five years is good, no matter by whom held as long as assessments are paid-up. It is the least expensive insurance there is, and just as safe as any in existence, and members should avail themselves of the same.

It was decided not to hold an evening session to confer the 25 degree through a number of candidates were in waiting, but absent officers broke into efficient team work.

The next meeting will again be held with Morning Star in December, probably Saturday the 20th. The full moon is the 18th and thus giving abundant light at the time of home going.

The ladies of Morning Star gave a most enjoyable banquet, during the noon recess.

It is expected that Linn county will have a large increase in membership by next State grange in May, 1914.

# NOMINATIONS ARE NOW IN ORDER

Provision in New Law Provides That Nominations Should be Made Before 25 Days.

CITY ATTORNEY SWAN URGES PEOPLE TO GET BUSY

Nominating Petitions Must be Signed By at Least Three Per Cent of Electors.

That nominations for city offices if made by a political party shall be filed not less than forty days before the date of the election and that nominations by individual electors should be filed not less than 25 days, was the statement of City Attorney L. L. Swan this morning, after looking up the new law on this point. That the people should get busy and nominate their candidates and not be in the same boat as the people in Salem and others are, who have apparently overlooked this provision of the law, was the declaration made by Mr. Swan.

The following statement was given out by the city attorney. "Section 3340 of Lords Oregon Laws was amended by the 1913 legislature so that nominations for city offices if made by a political party or assembly shall be filed with the county clerk not more than one hundred and not less than forty days before the date of election. The old law read thirty days instead of forty.

"If nominations are made by individual electors the certificate shall be filed with the recorder not more than one hundred days and not less than twenty days before the date of the election. This would make nominations if filed not later than October 21st and nominations made by individual electors must be filed on or before November 5th. This section formerly provided that nominations by political parties must be filed not less than thirty days and nominations by individual electors not less than fifteen days before election so that in each case the certificate must be filed ten days earlier than formerly.

"Nominating petitions must be signed by at least three per cent of the electors of the city or the ward as the case may be. The total number of electors of the city is estimated at 2000 and petitions for city offices at large shall contain upward of sixty registered electors."

# OPTIMISM RULED CATTLE MARKET DURING PAST WEEK

Portland Swine Market Can Always Be Depended Upon, Mutton Buying Limited.

Portland Union Stock Yards, Oct. 18.—Receipts for the week have been: Cattle, 1931; calves, 412; hogs, 3151; sheep, 3921; horses, 42.

Optimism has ruled the cattle market this week and prices are five to ten cents higher than they were six days ago. Prime steers and cows were in demand and sold quickly. Best load of steers averaged \$8 early in the week. Other top sales were \$7.75 to \$7.80 and \$7.90 in small quantities. Butcher stuff had a good outlet and buyers filled orders with some choice cows, bulls and stags. Bulk cow top was \$6.50 and \$6.75 with one load at \$6.90. Steer range closed \$7.50 at \$7.75 and bulls \$5.00 and \$5.50. A slight flurry on Thursday eased prices off about a nickel but the stock offered was not extra choice. By and large the beef situation has been very favorable.

Portland's swine market can always be depended upon for supplies. It sprang a new one this week by advancing a full dime to \$8.75 and this advance was made notwithstanding a total receipt as large as that of last week. Outlet has greater capabilities than the trade anticipated and the run was disposed of at sellers' prices. Swine weights were better also, and quality averaged high. Bulk of light swine sold at \$8.25 to \$8.65. Heavy weights \$7.25 to \$7.80.

Mutton buying was limited to ewes, as yearlings and old weathers were not offering. A strong ewe top at \$3.90 was established and three full cars went over the scales at that figure. The lamb market was quiet Wednesday and then set a new October record by going to \$5.50 for an extra choice lot of Washington stock representing the tail end of the 1913 lamb run from the Cascades. Bulk lamb top on average good grades is steady \$5.00 to \$5.25.

J. L. Linn, of Salem, arrived in the city last night to attend business matters.

# GREENE FOUND IN DAZED CONDITION

Portland Travelling Man Wandered to Grants Pass After Runaway Accident.

SAYS MISHAP SEEMS TO HIM LIKE A DREAM

Describes Incident at Brownsville and Says He Was Hit on His Head.

Found in a dazed condition in Grants Pass yesterday afternoon, W. E. Greene, who mysteriously disappeared from Brownsville following a runaway accident, was recognized by a friend and will return to Portland. This gives proof of the theory of the Brownsville hotel man who said that he saw Green board a train and leave that place, wearing a cap, on the night after the accident happened. A young boy at Brownsville also said that he saw Greene in Brownsville at that time.

The word that Greene had been found at Grants Pass was conveyed last night to Brownsville over the telephone by the Blake McCall Co., who were informed by telegram. Word to this effect was received by the Democrat over the phone from Brownsville shortly afterwards.

According to the information, Greene was discovered in a billiard hall by K. F. W. Cook, a fellow traveller. Cook was not recognized by Greene, who spoke incoherently and tried to ignore his friend. Greene arrived in Grants Pass Thursday morning and lodged in a cheap house. The whole incident seemed like a dream to him, he said, and just all that transpired is vague to his mind. He does not know how he got to Grants Pass. He relates the accident with much detail. Once he said he had a hat check and said he thought he was passed up by the crew in the train. It was not until he slept most of the day and night that he began to awaken to his condition.

Greene says the accident was caused by the wheel of the buggy slipping off the axle. He got out of the vehicle to attempt to replace the wheel. The horses took fright, and ran down the grade towards the stream, where he says he was thrown and injured on the back of the head.

Mr. Greene's home is at 1228 Denver avenue, Portland. He is regarded as one of the most trustworthy employees of the Blake-McCall company. His territory as a salesman for that house is the smaller towns of the Willamette valley, which he made driving out from Portland. The Blake-McCall company had men dragging the river Thursday and Friday.

It was learned this morning that Greene purchased a brown duck cap Tuesday morning at the Blain Clothing store saying he was going fishing or hunting up in the hills. This further strengthens the theory that he was seen at Brownsville on the night after the accident happened.
