Plan for Central Bank Will Be Urged by Opponents of Glass-Owen Bill.

## PRESIDENT STANDS FIRM FOR PROPOSED LAW

Senator Bristow Sees Breakers Ahead for Currency Legislation During Session.

continued from Friday, October 24.

(By United Press Association) WASHINGTON, Oct. 25.—Trouble over the currency bill is ahead, if Senator Bristow knows what he is talking about. A struggle promised to develop between parties on the regional banking system provided for in the Glass-Owen bill, and supporters of a central banking plan, proposed by the former comptroller of the currency, Vandenberg. The president notified members of the senate currency committee he would not accept under any circumstances a substitution of the central bank for the regional plan. It is denied it is merely a slight variation of the Aldrich scheme.

The local team, spurred on by its great victory of last Saturday over Lebanon High school is determined to win, while the "Aggies" are equally determined to carry away the honors. ## NO IMPROVEMENT IN MEXICO YET

Mexican Soldiers Have Orders to Vote for Huerta in spite of Declaration.

## DIAZ SAYS THAT HE IS IN RACE TO STAY

Washington Entertains Little Hope of Change As Result of Sunday Election.

Huerta's Name on Ballot. Mexico City, Oct. 25.—Despite the disavowal of further presidential aspirations, President Huerta's name appeared today at the head of the official ballot with General Blanquet as his running mate. Huerta's group has no party designation, his followers being described as Huertistas. Washington Sees No Improvement.

Washington, Oct. 25.—Even in the Mexican elections, the administration sees no signs of improvement in conditions in the southern republic. Huerta's announcement that he will not accept the presidency again even though he receives a majority of the votes apparently means nothing whatever. From all indications he is pushing his candidacy vigorously. The impression here is that no candidate will receive a majority over all others combined as required by the constitution and that Huerta will continue in power, pending the second election which will in all probability be delayed indefinitely.

Diaz Refuses to Withdraw. Vera Cruz, Oct. 25.—General Felix Diaz issued the following statement in connection with his candidacy today: My friends insisted that I run for the office of president. I shall not withdraw and expect to reach Mexico City in time for the balloting. It is impossible to forecast the result.
