

A. SHAW PASSES TO LAST REWARD

Well Known Mill City Man Died at Parents Home After Lingering Illness.

DEATH OCCURRED THIS MORNING AT 7 O'CLOCK

Funeral Will Be Held Sunday Afternoon at First Presbyterian Church.

Continued from Friday, Nov. 21.

After a lingering illness Angus Shaw, of Mill City, died this morning at 7 o'clock at the home of his parents, Mr. and Mrs. John A. Shaw, 530 West Third street. His age was 34 years.

Angus Shaw has been in ill health for the past year and three months ago suffered a stroke of paralysis, while in Newport. He was brought to Albany and confined to his parents' home where he remained until the end came. During his recent illness he improved at one time to such an extent that his many friends entertained hopes of his recovery.

Angus Shaw was well and favorably known in Albany and Linn county. He was born at Stayton, Or., on Dec. 2, 1897. During his business career, he was engaged in business in Albany and Mill City. Due to ill health he was forced to retire from active business, while managing the Hammond Lumber Co.'s general merchandise store at Mill City. Prior to this he engaged in the grocery business in Albany for three years and in Gates for three years.

On May 12, 1902, Mr. Shaw was married to Margaret Jane McHargue, of Albany, by whom he is survived, besides his mother and father and two brothers, Royal and Robert. He was the second son of Mr. and Mrs. Shaw. He was a member of the I. O. O. F. lodge No. 144 of Mill City.

The funeral will be held Sunday afternoon at 2 o'clock in the First Presbyterian church. Rev. Franklin H. Geselbracht will conduct the services. Interment will take place in the Masonic cemetery.

Craft were partners operating a threshing outfit and that they baled 83 tons of the defendants for the agreed value of \$86.75. It is claimed that only \$25 of the bill has been paid, which account has been assigned to the plaintiff herein. Attorney L. G. Leveling represents the plaintiff.

WIFE IS CHARGED WITH VISITING PUBLIC PLACES

John Bradshaw Claims Wife Frequented Dance Halls and Rinks.

Charging that she would frequent public places at night, leaving their children at home alone, while he was away earning a living for them, John B. Bradshaw has filed suit in the circuit court against Bessie M. Bradshaw for divorce on the grounds of desertion.

The couple were married on January 31, 1909. There are two children, age 4 and 2 years, for whom the plaintiff asks the custody.

According to the complaint, the plaintiff is engaged in the occupation of felling trees in the logging camps and that this occupation requires him to be absent from his home a considerable portion of the time. The plaintiff alleges that during his absence, the defendant would frequently leave the children home alone and would frequent dances and skating rinks and other places of amusement, where she was accustomed to meet and consort with other men. He claims that this conduct was continued by the defendant until last July, when she wrote him, who was at the time away from home, to the effect that she did not love him, that she loved another and did not wish to live with him any longer. He alleges that he remonstrated with her but that she left him.

The above is the list of only the five babies securing the highest scores. Mrs. Weider has the scores of all the rest of the babies. A total of 38 were entered in the show but only about 25 were examined.

HUERTA TRYING TO STOP ACTION OF HIS CONGRESS

Huerta's Speaker Declares No Quorum Present; Will Dissolve Session.

(By United Press Association) Mexico City, Nov. 22.—Foreign diplomats are awaiting with much curiosity to see if the speaker, presiding officer of the Mexican congress, will again declare that there is no quorum present when the chamber of deputies meets this afternoon. Under a statute of the Mexican constitution congress automatically dissolves in the event of there being no quorum present for three consecutive days. It is believed by many diplomats that this is the method Huerta is taking to end the present session, fearing that they would declare his election illegal. The speaker, who is under the control of Huerta, declared yesterday that no quorum was present, although their opponents maintained that there were enough present to constitute the quorum necessary to do business.

STATEMENT ABOUT Y.M.C.A. IS MADE

Association Is of Much Value As Social and Religious Organization.

HAS BEEN IN OPERATION FOR NEARLY TEN MONTHS

Deserves Support of Every Loyal Citizen Until Made Self Supporting.

The Young Men's Christian Association of Albany has been in operation now for nearly ten months. During that time the Association has furnished a place of amusement and recreation for many of the boys and men of Albany. During the afternoon and evening the association is one of the business places in the city, and men and boys are constantly coming and going.

Besides this the association has made a good beginning in Bible class work, and in conducting religious meetings. During the last month a competent physical director has been secured who is now giving regular instructions to both the boys and the men. This is greatly appreciated by the people of Albany. The association is a wholesome place for boys to congregate and to spend their leisure time. It is much better that they should be there than loitering in the business streets of Albany.

If the association had a more modern building, equipped with a swimming pool and other more modern conveniences it could, of course, do more effective work. Considering the equipment, the association has done magnificently during the time that it has been in operation, and the interest in association work has been growing constantly. There are now enrolled over 250 members, and it is hoped that by the time the association has been in existence a year that fully three hundred members will be enrolled.

Every citizen of Albany should be interested in the association work, and should help to support it both by his influence and by his financial contribution. The Y. M. C. A. is recognized the world over as the right hand arm of the churches. The Y. M. C. A. is not another denomination, but is simply an institution operated by the Christian men of the community regardless of their denomination. It is the church at work seven days in the week.

The local association was organized in February, and at that time took over the Alco club property, and assumed the Alco property indebtedness, which in round numbers amounted to \$6000. The building has been remodeled since then, and considerable equipment has been purchased. In all something like \$3500 was expended this last year in maintaining the association work. A careful estimate was made of the running expenses for this coming year, and it was found necessary that at least \$4300 should be provided to meet the necessary expenses and the shortage of \$300 for last year. It is estimated that about \$2900 can be secured from membership fees and other available sources, and that the balance of \$2300 should be made up by subscription.

The six committees that were out this last week secured and have a slight \$1700, which still leaves a deficit of about \$600 that must be provided for. The directors of the association feel that they should not incur obligations unless they see the means in sight for meeting them. The budget as it now stands has been cut down as much as it can be without seriously crippling the work of the association and it is hoped that the men and women of Albany will come forward and make up this balance needed to place the work of the association for this coming year on a sound basis.

The Y. M. C. A. work in Albany is still in its infancy, and as the years go by the work of the association will be extended and broadened. The influence of an organization like the Young Men's Christian Association cannot be measured in dollars and cents, it is a character building institution, the influence of which extends on through eternity.
