## LOCAL POLICE GIVE ALBANY AN ORDERLY CELEBRATION

### No Drunken Fights Occur to Mar Pleasure of Throng at This City Yesterday.

A noticeable feature of the celebration yesterday was the absence of the customary bunch of rowdies and drunks and although the crowd was the largest in the history of the Hub City, the day passed without a fight and very few drunks were seen on the streets.

A crowd like the one which filled the local streets yesterday is ordinarily a difficult one to handle and the pleasure of the visiting throngs is generally marred by fist fights, drunken brawls and accidents, but to Chief of Police Daughtry belongs the credit of giving the city of Albany its quietest and most orderly celebration.

Chief Daughtry had strengthened the police department by the addition of a score or more of special officers and every member of the department was vigilant throughout the day and perfect order was maintained.

The local police were of the greatest assistance to the visiting people, directing them to places of amusement, restaurants and hotels, beside answering hundreds of questions and contributing in many other ways to the pleasure of the visitors in a most commendable manner.

### MISFITS

Contributed By F. P. Nutting.

The Democrats did a great thing when they nominated, by a unanimous vote Woodrow Wilson for President of the Union. A man of high character, he represents the best in statesmanship, safe and sane, just the kind of a man this country needs at its head at this time.

However turbulent the proceedings may have been at times the ending has been one of harmony and good will, a united democracy.

There is almost a universal opinion that the election of Wilson is certain.

The nomination of Wilson suits the Misfit man from top to toe and back again.

The very moment the nomination of Wilson was announced the sun came out gloriously.

Hello, Jim H., glad to feel your electric touch.

Now watch Fifth and Lyon become quite a busy and business center.

Wet or dry we will have the biggest crowd ever on the glorious 4th.

If Gov. West gets after the blind pigs at full speed they will wish they were in the east.

Keep Albany dry, even if a wet day, on the 4th.

Ollie James, with ten children, would certainly have the unstinted support of Roosevelt for almost anything old thing.

There is an old saying that women have put many spokes in the wheel of destiny. It is a fact that Albany women have done their share towards putting spokes in the Hub city.

Here's to Mr. Logan, jelly, jamb, canned or straight.

The eagle did a good job and continues to be the king of birds.

A big thing about a 4th of July celebration is a big crowd.

While it didn't rain there were numerous threats. The 4th is bound to bring something wet.

Albany beat Portland thru 2 tch.

Wow for Albany's greatest celebration, the third annual Chautauqua assembly of the Hub.

Albany and Eugene are now both the greatest railroad centers in the valley; but Albany has regular trains running out and in six ways, while Eugene has them running in three.

Sam Dolan made a good touchdown in his oration.

Woodrow Wilson looks good to the masses regardless of party.

Nothing certain is, Albany had the most elaborate decorations in its history, and probably the biggest crowd.

Albany's 4th was quite a home coming, and many old-timers were here, the Misfit man was glad to see.

Certainly it was a sane 4th, without much noise, a little drunkenness and general good behavior prevailing.

A big campaign on the Johnson-Flynn fight coming all the same time is a good deal for one to keep track of, with one head.

6756 white shoes in Albany all at one time.

We need to hear the declaration of independence once in awhile these days of trust and social slavery.

Our heads almost swim keeping track of the many trains in and out of Albany, thirty-eight a day now.

**"The Best I Ever Used"**

**ADRIANCE (NOT IN THE TRUST) BUCKEYE MOWERS**

Followed our fathers across the plains a half century ago; cut virgin grasses of this Oregon country and built up their reputation for sturdy durability. Adriance Buckeye Mowers have been sold in the Pacific Northwest for 47 years. The new Adriance Buckeye sticks to the old fashioned idea of uprightness in building adding latest improvements.

**Automatic Spring Draft** operates only when needed. No tendency to lift cutter bar off ground when under unusual strain as when striking an obstacle. Saves hay, driver, team and machine. Used on *Adriance Buckeye* only.

**Steel Wearing Plates** for each clip and above and below knife head. Give long life to parts. Found only on *Adriance Buckeye Mowers*.

**Brass Boxes for Crank Shaft.** Brass boxes at each end of crank shaft. Others have only one and some none at all. Our Pittman box is brass also. Buckeye boxes wear longest.

**Internal Gear.** Crank shaft is driven by internal spur gear instead of an external bevel gear as in others. Spur gear runs easier on high speed and with no end thrust and an internal gear engages more teeth of the pinion at one time. Our slow gears are bevel, making the Buckeye combination lightest running and of longest life.

**Disengaging Pawls.** The wheel pawls may be disengaged when on the road so that no gears are in operation. An exclusive Buckeye feature. There is a clutch too for starting and stopping the knife.

**Ratchet Castings Separate** from the wheels. If one becomes worn out or broken you don't have to replace the wheel as you do in others. Reduces your repair account.

**Folded Cutter Bar.** When on road the Buckeye Cutter Bar is folded over tongue. No other as securely folded. This feature may save an expensive accident.

**Look for These Features.** When you buy a mower look for the above features for no mower is as good without them. Besides being light in draft and long of life the *Adriance Buckeye* can be depended upon to cut any grass that any other mower will cut and then some.

**We Carry a Complete Stock of All Repair Parts**

**WALDO ANDERSON & SON**
