

VEHICLES MUST ALL KEEP TO THE RIGHT

Ordinance Regulating Them Introduced at Meeting of City Council.

SOUTHERN PACIFIC MUST GRADE WATER STREET

Campbell Wires Mayor Gilbert That Work Will Begin On the Grading at Once.

FRIDAY

When the ordinance introduced at the adjourned session of the city council last evening becomes a law, which it will at the next meeting of the council, all vehicles propelled by animal power, will be required to observe practically the same traffic rules as now apply to automobiles, and will have to keep to the right of the center line of the street.

Horses drawing vehicles or being ridden shall not be driven at a greater speed than six miles an hour and when left standing they shall be tied. The penalty for violation of the ordinance is a fine of not less than \$5 nor more than \$25 and not less than 5 days nor more than 25 days' imprisonment.

The ordinance was not passed last night owing to a change in the wording which the council desires to make and was referred to the committee on ordinances.

An ordinance requiring the Southern Pacific company to place its tracks on water street on the proper grade and to install proper crossings along the entire length of the street, was read twice last evening and will come up for its final passage at the meeting of the council on next Wednesday evening.

According to the terms of the ordinance the Southern Pacific Company is to begin its grading operations on Water street on October 1st and the grading and changing of tracks must be completed along the entire street by December 1st.

The Oregon Electric company has been delayed in the construction of its bright line on Water street for several months owing to the fact that the Southern Pacific company would not come to an agreement regarding the use of Water street by both companies for switch tracks.

Mayor Gilbert yesterday morning wired D. W. Campbell of the Southern Pacific company that unless that company reached an agreement with the Oregon Electric company regarding the use of Water street, at the conference held between the officials of both companies at Portland yesterday afternoon, an ordinance requiring the S. P. company to place their tracks on Water street on grade at once.

Mr. Campbell replied that whether his company was able to reach an agreement with the Oregon Electric company or not, grading operations would be begun by the S. P. company on Water street by October 1st and completed within sixty days. The ordinance was referred to the committee on ordinances.

The Oregon Electric engineers including Lloyd E. Wickert and L. Griswold and attorneys Hill of Albany and Spencer of Portland, were present at the council on business connected with the ordinance granting the Oregon Electric further time to complete its freight line but owing to the absence of Councilman Chambers and Lyons, it was continued until the next meeting.

HARD BUCKING HORSES FOR THE PENDLETON ROUND-UP

PENDLETON, Or., Sept. 18.—Under the direction of James H. Sturges, the work of trying out the worst bucking horses for the Round-Up is going on daily at the park. Phil backroopers every afternoon mount outlaw horses collected from every section of the Northwest and test the "pitching" abilities of the animals.

Proving their ability to stay in fast company, a large number of the mounts have hurled their riders to the ground, and "biting the dust" is a frequent experience of some of the best buckers.

Engaged in trying out the 100 horses in the Round-Up corral are some of the best cowboys in Eastern Oregon, and when their labors are over, the hardest bucking horses ever assembled in the West will be in the corral of Round-Up Park, ready to match their tricks with those of the riders who will mount them before the eyes of thousands.

ROOSEVELT MEN MAY HOLD CONVENTION HERE SEPT. 28

I. R. Schultz informed the Democrat this morning that after consulting legal talent, he was informed that the "Bill Moose" could hold a convention for the purpose of nominating a full county ticket any time before October 5. Schultz stated that a convention for this purpose would probably be convened in this city on Saturday, September 28.

S. N. BRADEN ATTENDED THE FUNERAL DIRECTORS' MEET

S. N. Braden of the Fisher-Braden Company of this city, returned home last evening from Portland where he attended the annual convention of the Oregon State Funeral Directors' association which has been in session there for the past three days.

He reports a most successful convention, many important matters being discussed including the abolishing of Sunday funerals, something which is favored by nearly all the Portland ministers.

The delegates to the convention were royally treated in Portland and were given lunquets and taken about the city on sight-seeing trips.

Mrs. Paul Schmitt returned to Portland yesterday after a visit with her father, F. M. Pomeroy.

Mrs. J. C. Irvine and baby left this afternoon for Halsey where they will spend a few days visiting friends and relatives.

W. W. Francis, county treasurer, went to Halsey this afternoon where he will look after business matters this afternoon.

Mrs. J. J. Collins and Mrs. O. D. Austin were passengers to Lebanon this afternoon where they will attend the Rebekah convention.

Mrs. J. C. Dickinson of this city, left this afternoon for Corvallis, where she will spend a few days visiting friends and relatives.

Attorney N. M. Newport, of Lebanon, returned home this afternoon after looking after matters at the county court house this morning.

Mr. and Mrs. J. R. Penland returned home this afternoon from Harrisburg, where they have been camping out for a week while Mr. Penland did some surveying.

Mayor V. S. Wennersten of Lebanon, passed through Albany this afternoon en route home from the metropolis, where he has been on a few days' business trip.

Mr. and Mrs. George A. Mickel of this city, went to Madras this afternoon, where they will spend a week or so visiting at the home of their daughter, Mrs. Gertrude Looney.

Mrs. Greer, of Portland, state president of the Rebekahs, went to Lebanon this morning to attend the district convention, she was given a reception at the home of Mrs. John Kobson last evening.

Mayor Gilbert is slightly ill this afternoon and is confined to his home on South Ferry street. He hasn't been feeling well all morning and decided to remain at home this afternoon.

ALL LOCAL SCHOOLS WILL OPEN MONDAY

New Building In Burkhart Park Will Not Be Ready For Use For Several Weeks.

ENROLLMENT IS EXPECTED TO BREAK ALL RECORDS

Meeting of Teachers Will Be Held at the High School On Saturday Afternoon.

The schools of this city will be opened next Monday morning and present indications are that the enrollment in the public schools and the high school will be the greatest in the history of the city.

The new building being erected in Burkhart Park is being rushed to completion but will not be ready for the opening on Monday which will make it necessary to provide for the pupils in the buildings available, even though all of them will be crowded for a few weeks, and pupils are requested to report to the buildings where they attended last year.

An effort will be made to accommodate new pupils at the school in their district but it may be necessary to transfer some to other buildings, and should this be found to be necessary, parents and pupils are asked to bear the inconvenience patiently until the new building is completed.

All pupils living on the west side of Washington street and west of that street should report to the Maple school. Those living on the east side of Jefferson street and east of that street report to the Madison school, and all pupils residing between Washington and Jefferson streets report at the Central School.

Pupils who have been promoted without condition and know the work they are to do should purchase their books before Monday as all book-sellers have been given a list of the books required in each grade. No changes have been made in the books used last year so that many will be able to use their old books.

Pupils who have been promoted on condition and new pupils should wait until Monday before buying their books, when slips will be given them by the teachers. The principal of the school will be in his office Friday and Saturday to receive and register students for the high school courses and a meeting of the teachers will be held at the high school on Saturday afternoon at 2 o'clock when all teachers are expected to be present.

BOY ELOPES WITH HIS FATHER'S FIANCEE

STERLING, Ill., Sept. 18.—Richard Lewis, eighteen years of age, son of a wealthy farmer, eloped Wednesday night with Mrs. Hazel Champlin forty-five years old.

Mrs. Champlin has been the house-keeper at the Lewis home since Mrs. Lewis died five years ago. She was to have married Lewis, Sr., Friday, and elaborate arrangements had been made for the wedding. She is an attractive blonde of the dashing type, and the elder Lewis states that he will welcome her home as his daughter-in-law, although he had hoped to make her his wife.

The couple purchased tickets for Des Moines, Ia., where Mrs. Champlin formerly lived and where they are reported to have been married today. Mrs. Champlin has two sons, aged sixteen and nineteen.

HUNDREDS OF STUDENTS FLOCKING TO CORVALLIS

The Union depot is a lively place these mornings with the hundreds of students passing through Albany on their way to Corvallis, some of them to resume their studies there, while others will enter the institution for the first time. Register Tentative of that institution has announced that already the registration is 25 per cent greater than at this time last year and the present indications are that the attendance at O. A. C. this year will be the greatest in its history.

F. R. Dum, of Portland, travelling freight agent of the S. P., arrived in Albany last evening and is looking after business matters here today.

J. Livingood, of Beaverton, Oregon, was registered at the Van Bran yesterday. Judging from the gentleman's name, he resides in a rich agricultural section.

Mrs. Cummings, of Corvallis, passed through Albany this morning to Lebanon, where she will attend the district convention of Rebekahs of which she is secretary.

Mrs. F. M. French went to Lebanon this morning where she will attend the convention of Rebekahs last convened there today.

Attorney Barney S. Martin, of Beowusville arrived in Albany this morning and is looking after business matters at the court house today.

August W. Fischer, of Corvallis, a prominent business man of that city, was transacting business in Albany last evening. He returned home this morning.

GOVERNOR WILSON HITS THE TRUST REGULATION

Says In Minneapolis Speech That Plan Comes from Perkins and Would Help Barons.

MINNEAPOLIS, Sept. 18.—How the United States Steel Corporation incidentally would benefit by the plank in the third party platform proposing regulation of trusts by a Federal commission was discussed by Governor Woodrow Wilson in his speech as he passed from Sioux City, Ia., to Minneapolis and St. Paul today. It was at Sioux Falls, D. Dak., that the Democratic nominee first drew attention to origin of the third party plank for handling the trust problem.

"Where was the method now proposed of regulating the trusts suggested?" asked the Governor. "It was suggested in the inquiry by the House of Representatives into the steel trust, and it was suggested by Mr. Gary and George W. Perkins. They have thought this thing out."

"I am not interested to question their motives. It may be, for all I know, that they think, and honestly think, that that is the way to safeguard the business of this country. But whatever they think, this they know, that it will save the United States Steel Corporation from the necessity of doing its business better than its competitors."

"For if you will look into the statistics of the business of the United States Steel Corporation, you will find that wherever it has competitors, the amount of the product which it controls is decreasing, not increasing; in other words, that it is less efficient than its competitor, and its control of the product is increasing only in those branches of the business where by purchase and otherwise it has practical monopoly."

"Moreover, I have this to say to the workmen: Carry out the plan of Mr. Gary and Mr. Perkins and you will have given a control in the market for labor, which will suit those gentlemen perfectly. They don't want competitors to come into the market for labor, because new competitors will mean new wages and new wage scales. These are the very men and almost the only men who have successfully opposed union labor in the United States."

NEGRO IS NOW MAJOR IN THE U. S. ARMY

Washington, Sept. 18.—Among the promotions just announced at the War Department is that of Capt. Charles Young of the Ninth Cavalry to the grade of Major in the same regiment. Maj. Young is the only negro officer in the army who was graduated from West Point, and is the only man of his race to reach the grade of Major in the line of the regular army. He is from Kentucky and was graduated in 1897.

With the exception of one year's service with the Seventh Cavalry, a white organization, about 1897, Maj. Young has been attached to negro regiments. Since his examination for promotion a few months ago he has been stationed at Monrovia, Liberia, as military attaché. Maj. Young is assisting the Liberian government in the reorganization and instruction of the army.

Maj. Young's army record is without a blemish. He is well liked by army officers generally, who say he has never tried to "intrude" himself socially.

The Misses Clara and Gladys Little of Independence, were visiting friends in Albany last evening.

Born on Tuesday, Sept. 17, at Downs, Wash., to Mr. and Mrs. Geo. Froman, a boy, their first child. The father is a brother of Recorder Grant Froman and Dave and Frank Froman, of this city.

A LARGE CROWD GREETED DR. LANE

Democratic Nominee For United States Senator Addresses Citizens of Albany.

FAVORS APPROPRIATION FOR WILLAMETTE RIVER

Senator Miller of Lebanon Pays Tribute to Governor Wilson and Democrat Congressman.

Proclaiming himself the candidate of the plain people, Dr. Harry Lane, Democratic nominee for United States Senator fired the first gun of the campaign last night when he addressed one of the largest political meetings ever held in the history of Linn county.

The meeting was called to order by County Chairman Blyen who first presented State Senator M. A. Miller of Lebanon who spoke briefly on the national issues. Senator Miller scored the Republican members of congress for their tariff record and eulogized Governor Wilson for the many reforms he put into practical operation in the state of New Jersey. Senator Miller made an eloquent address and was frequently interrupted by applause.

Dr. Lane was met with a storm of applause following the introduction of Chairman Blyen who told of his marvelous record while serving as mayor of Portland.

In discussing the tariff Dr. Lane pointed out the many inconsistencies of the present law and promised his support in a campaign for downward revision of the schedules. Honesty in the administration of public affairs was the keynote of his address. "As between honesty and ability," said Lane, "I choose honesty."

Dr. Lane also promised his support in securing a liberal appropriation for the improvement of the Willamette River.

Music was furnished by the Ells' Band of this city and the court house was packed long before the speaking commenced.

Dr. Lane left this morning for Harrisburg where he will speak at 2:30 this afternoon.

BAKER COUNTY FAIR BEST HELD IN EASTERN OREGON

Exhibits Are Fine and Over 150 Horses Are Entered In The Track Events.

BAKER, Ore., Sept. 18.—Although nominally opening Monday, the Baker County fair and racemeeet was not in full swing until today, the first two days being given over largely to preliminary details, such as arranging exhibits. The races started today. There was a large attendance at the grounds, and visitors saw the best display of products of the county the fair has boasted in recent years.

Over 150 horses are entered in the various track events of the four days' meet, and to accommodate them it was necessary at the last minute to erect two new stables, which will accommodate 60 extra horses. The re-organizing of the Oregon-Idaho circuit, which gives the horsemen five weeks or racing over a short circuit composed of La Grande, Baker, Caldwell, Ontario and Boise, is responsible for the large list of entries and the best horsemen in the Northwest.

With the daily attractions at the fair grounds, a carnival company is holding forth and the business section of the city is transformed into a midway.

The attendance probably will top all records of recent years, for under the management of the Baker Commercial club, which took it over when it was struggling for existence, the fair has taken on a new lease of life, and has been better advertised and patronized.

The Baker Rod and Gun club held an interstate tournament the first two days. Trap shooters from Eastern Oregon and from Idaho participated. Weather conditions have been ideal.

LOS ANGELES PITCHER IN ALBANY THIS MORNING

Pitcher Charley Chech, of Los Angeles, established one and maybe two Pacific Coast League records for the year when he defeated Portland yesterday 3 to 1 in 11 innings. The former St. Paul flinger threw but 97 balls to the Portland batsmen in the elongated engagement, constituting one sure bid for fame, and, if his claim of 11 consecutive victories is substantiated by President Baum, that will be another highwater mark for the season.

Cech's record of less than nine pitched balls for each inning is remarkable. In the third inning he threw but four, in the eighth five and in the tenth four. His total was 28 balls, 54 strikes and 15 foul strikes.—Oregonian.

les pitcher, who yesterday pitched a record game for his team at Portland, winning by the score of 3 to 1, arrived in Albany this afternoon and went out to Linnhaven to look after his orchard tract which he owns there. Chech formerly pitched for St. Paul, Minnesota, where he met Johnny Page, the chief clerk of the St. Charles Hotel of this city, and with whom he enjoyed a pleasant social visit this morning. Chech will elave for Los Angeles in the morning.

F. P. Devaney of Lebanon went to Thomas this morning, where he will visit at the home of his son, A. J. Devaney, a former Albany councilman.

Eugene Palmer of Portland, a former resident of Linn county, returned home this afternoon after being out to his farm near Goltra, where he looked after threshing operations. He was much impressed with the improvement being made here.

Frank E. McKenna left this afternoon for Corvallis, where he will look after business matters for the Ralston Electric Supply company for which he is the travelling representative.
