

## P. E. E. OBJECTS TO CITY ORDINANCE

Ex-Mayor of Salem Is Here in Interest of the Local Street Railway.

## CLAIMS LIGHTING ORDINANCE WILL WORK HARDSHIP

Road Being Operated at a Loss Says Representative. Talks to Local Business Men.

Continued from Monday, October 7.

Claiming that the ordinance recently passed by the city council of Albany, requiring the Eugene & Eastern to place an arc light at the corner of every block along the lines of the car line, will work a great hardship on the railway, F. W. Waters, ex-mayor of Salem and personal representative of the above road, arrived from Portland last night and is attempting to have the ordinance repealed.

Mr. Waters claims that the Portland, Eugene & Eastern is being operated at a loss and that the requirement recently made by the city council is unreasonable.

He estimates that it will cost the company \$40.00 for each arc light installed in addition to the cost of the power.

Whether he has met with any encouragement or not, was not learned by the Democrat but he has been interviewing a large number of local business men during the day and proposes to put forth every effort to have the objectionable ordinance repealed.

## SAGE ROOSTER SAYS COME TO EUGENE

October 15th Date Set for Big Celebration. All Towns in Oregon will Participate.

Eugene, Ore., Oct. 6, 1912. Editor Democrat:

Eugene is anticipating a great time on Oct. the 15th, when they pull off the celebration of the entrance of the cars into the city over the Oregon Electric, which will connect the city of Portland with the city of Eugene.

The track is now about all completed to Willamette and Fifth streets, where the passenger depot will be built, and the streets of Eugene are fast becoming a network of steel rails. The S. P. R. R., the P. E. & E. R. R., the Monroe & Eugene Electric and the Eugene & Coos Bay, are grading or laying rails, and any way you look you see a line of double track R. R. and the many poles for the different power lines are so thick along each side of the streets if they were blackened would make a person think he was in a burnt forest. We expect to see a large delegation here from Albany on the 15th. Come, rain or shine, come by electric, steam, auto, horse power, foot power, and any other motive power. And you will see one of the finest native suburbs that the Hub (Albany) will have when she spreads out far enough to annex her with the other spokes of the Hub.

So much R. R. building and paving being done the streets are in a bad shape, but by the 15th they will all be in good shape again if the weather remains good.

Come to Eugene the 15th and see for yourself.

And now, a hurrah for Albany, Eugene, and Woodrow Wilson.

SAGE ROOSTER.

Miss Doris McClain of S. E. Young & Son's, spent Sunday in Salem with her parents.

F. M. French, official watch inspector for the Southern Pacific company, went to Wendling this afternoon.

Miss Georgia Blevins returned to Albany this afternoon from Tangent where she spent Sunday at her home. She is employed as saleslady at the Young store.

W. C. Burns has begun the erection of a fine new residence on his property at Second and Jefferson streets which he hopes to have completed by December. He will reside in the new house and rent the other one.

A. B. Kelsay, local manager of the Spaulding Logging company, returned home this noon from Portland where he spent Sunday. Mrs. Kelsay will remain a few days longer.

Rev. D. H. Leech of the First Methodist church went to Tangent this afternoon on a short trip.

Merrill V. Smith, a prominent young business man of Dallas, spent Sunday in Albany visiting his parents, Sheriff and Mrs. D. S. Smith. He says the Smith-Elison Electric Co. are doing a fine business with orders for a month ahead.

Cliff Mosier, who is employed at one of the logging camps near Monroe, spent Sunday in Albany visiting relatives. He returned to Monroe this morning.

Peter Dewall, proprietor of the Albany Rooming House, went to Thom as this morning where he will spend the day looking after matters on his ranch at that place.

## CONSTRUCTION WORK ON LOCAL BUILDINGS PROCEEDS

Brayton Engineering Company at Work Today Placing Steel in First Floor of Bank.

The Brayton Engineering Company is making rapid headway on the construction work of the new 5-story building for the First National bank at the corner of First and Broadalbin streets and are now placing the large pieces of steel in the first floor preparatory to spreading the cement. The basement walls which are of solid concrete are finished and the work can now be carried on rapidly, the basement and first floor being the slowest portion of the construction work.

Work on the new 2-story pressed brick building being erected by Carter & Robson immediately east of the Blain store is also progressing rapidly and the brick work is nearing completion. The front of the building which is of white glazed brick is now finished above the tops of the windows of the second floor and the carpenters are doing excellent work on the interior of the structure. This building when completed promises to be one of the most attractive in the city.

Contractor McGilvery has the roof on the new Hotel Hammel and is rushing the work in other parts of the building while a large crew of plumbers are now engaged in installing the plumbing on the various floors. The brickwork on the building is practically completed now and the inside work is under way.

## THAT YOUNG ST. LOUIS GIRLS SMOKE IS CLAIM

St. Louis, Oct. 6.—Gov. Hadley will be asked to grant permission to the Missouri Woman's Christian Temperance Union to circulate a petition among the prisoners in state penal institutions, asking the voters to do away with saloons at the next election.

This announcement was made at the state convention of the Union today.

"Girls not over ten years old, in some of the society homes in St. Louis are smoking cigarettes," said Mrs. E. B. Ingalls in a speech.

"Not only here, but in other parts of the state as well, I have found little girls puffing cigarettes, sometimes in their homes," she said.

Mrs. Ingalls pleaded with the delegates to use every effort in helping enforce the law which prohibits the sale of cigarettes or cigarette materials to persons less than eighteen years of age.

## WILSON CLUB WILL HOLD MEETING FRIDAY

C. H. Stewart, president of the Albany Wilson & Marshall Club, has instructed Secretary B. M. Payne to call a meeting of that organization for Friday, October 11th, at the court house.

The meeting will be called to order promptly at 8 o'clock and it is probable that some state speakers of prominence will be present and address the meeting.

County Commissioner Butler went to Crawfordsville this morning where he will begin work on the reconstruction of the bridge across Calapooia river at that place.

Lloyd B. Wickersham, chief engineer of the Oregon Electric, arrived in Albany this morning from Eugene and will spend the day here looking after matters in connection with the construction of the freight line.

P. K. Churchill and wife and Mr. and Mrs. G. W. Goff left yesterday in the Churchill auto for Tilamook where they will enjoy a week's fishing trip.

Harry Parker of Cottage Grove who has been spending the past two weeks in Albany at the home of his sister, Mrs. N. H. Wheeler, returned home today. He is employed at the Bohemia mines.

H. A. Games of Lacombe, W. T. Davenport of Crabtree, E. A. Smith of Salem, and Gilbert Devaney of Jefferson were registered at the Revere Hotel yesterday.

W. F. Ireland of this county has just moved up on his 320-acre homestead in Crook county and will return to Albany in a few days to spend the winter here. He is the father-in-law of M. D. Hammel of this city.

Mr. and Mrs. H. S. Phillips of Portland returned home this afternoon after being in Albany to attend the funeral of Mrs. Phillips' father, the late B. F. Pardon.

Rodney McCauley, who is attending the Oregon Agricultural College, spent Sunday in Albany visiting his parents.

Dell Brown of this city was a passenger to Brownsville this morning where he will spend the day looking after business matters.

Mr. and Mrs. Floyd J. Hammel of this city spent Sunday in Corvallis visiting at the home of Mr. and Mrs. Clyde Starr. "Jack" reports excellent progress being made on the new steel bridge across the Willamette river, the work of constructing the last pier now being under way with the prospects of beginning work on the steel part soon.

## BOSTON WINS FIRST GAME OF SERIES

Red Sox Defeated Giants this Afternoon in New York City by Score of 4 to 3.

## JOE WOOD DID HEAVING FOR BOSTON IN OPENING CLASH

Initial Game of Championship Series Attended by 45,000 Leather-Lunged Fans.

With the bleachers and grandstand at the polo grounds in New York taxed to their capacity with a crowd of eager and enthusiastic fans estimated at 45,000, the Boston "Red Sox" this afternoon cinched the opening game of the series for the baseball championship of the world, by defeating the New York "Giants" on their own ground by a score of 4 to 3.

Tesereau twirled the opening game for the "Giants" while Joe Wood appeared on the mound for Boston.

The opening game this afternoon was the most interesting ever seen in New York and each play was greeted with the cheers of the thousands of leather-lunged fans who were on their feet every time a close play was made.

After the close of the game, pandemonium broke loose among the admirers of the "Red Sox" and the extra force of several hundred policemen who were on duty at the grounds were helpless against the fans who swarmed out on the field and gave vent to their enthusiasm by embracing each other and throwing hats and cushions into the air. No accidents occurred to mar the pleasure of the game and the weather was ideal.

The second game of the series will be played at Fenway Park, Boston, tomorrow afternoon, where it is expected that the crowd will be even greater than it was in New York this afternoon.

The backers of the "Red Sox" pin their faith on the hard-hitting infield of the Bostonians, while the New Yorkers are depending on the three great pitchers of the "Giants" aggregation and the base running of the members of the nine.

The sentiment among the ball fans of Albany shows that the "Red Sox" are the favorites here but there are nearly as many who think that McGraw will spring a surprise before long and capture the pennant. The members of both the Boston and New York teams are in fine fettle and the outcome of the series is being awaited eagerly all over the country by the admirers of the great national game.

Seven games will be played to decide which team will win the pennant and although great enthusiasm is being manifested now in the series, it is nothing compared to what it will be by the latter part of the week.

The coming presidential election will be a small topic of conversation while the big games are in progress and if you are looking for John during the next few days you will find him at the scoreboard waiting for the result of the game.

## LA FOLLETTE COMES OUT FOR WILSON

Chicago, Oct. 7.—Declarations that Senator M. La Follette of Wisconsin had come out in favor of Governor Woodrow Wilson, the Democratic candidate for president, and would actively participate in the Democratic campaign, was made here today by the Wilson National Progressive Republican League. A branch of the league was opened here today.

Whether La Follette would take the stump for Wilson was not stated. The league also published a list of prominent Republicans who have deserted President Taft and Colonel Roosevelt and would lend their support to Wilson.

Geo. Taylor left this morning on a business trip to Portland.

## OAKVILLE

Mr. and Mrs. Fred Smith of Halsey are visiting friends here.

We made a hurried visit to Corvallis last week and found everybody busy. The county court was inspecting the work on the steel bridge. Mr. Smith of the court informed us confidentially that the bridge would be ready for use by the first of January, 1913, and probably sooner. It will be the best bridge on the river. After leaving the "old ferry" we went up onto Second street and visited the Republican office where we found Brother Smith busy at work.

The P. E. & E. railroad is doing a big business taking gravel out of the river and spreading it out along the road. Among other improvements we noticed a large sewer in the western part of the city which will drain that part of town completely.

Mr. D. H. Jayne bought a fifteen-acre farm one mile north of Corvallis in Benton county at \$160 per acre. All kinds of fruit and vegetables can be raised on the farm. \$300 worth of melons were sold off of an acre of this place this year and there were over 100 melons on the farm at the time it was sold.

## MORGAN CALLED COLONEL ROOSEVELT A MANIAC

Washington, Oct. 7.—J. Pierpont trust organizer and heavy contributor to the Republican national campaign fund in 1904, called President Theodore Roosevelt a "blankety blank maniac" among other uncomplimentary things when the colonel in 1904 asked the financier for a second contribution after Morgan had given \$100,000 to the campaign fund, according to Charles Edward Russell, a witness before the senate campaign contributions investigating committee today.

Russell's testimony was greeted by broad grins as he told of epithets, made familiar by Roosevelt and which Morgan applied to the present chief of the Bull Moose forces.

C. L. Hill, the genial business manager of the Albany Herald, has resigned his position. While his plans for the future are as yet undecided, he will in all probability remain in Albany.

E. A. Johnson, a prominent flour manufacturer of this city, went to Elgin this afternoon to attend a meeting of the district stewards of the Methodist church. He is secretary of the board.

Mr. Gerald C. Crawford and son were passengers to Mill City this morning where they will visit relatives for a few days.

## ALL VOTERS MUST REGISTER BY OCT. 19

According to a statement made this morning by County Clerk Willard Marks, the registration books will close on Saturday, October 19th. Those who registered for the last primary election will not be compelled to register unless they have changed their place of residence from one precinct to another, in which case the change must be entered on the clerk's books.

## PORTLAND FIRE APPARATUS MAN CONFERS WITH COUNCIL

A. G. Long, a well known dealer in fire-fighting apparatus of Portland, arrived in Albany this morning to confer with the city council regarding the purchase of a new auto chemical engine for the local fire department.

He met at the Commercial Club this morning with Councilmen Simpson and Cameron and Chief Hoekspier in reference to the matter.
