

SIX PRECINCTS SHOW BIG REGISTRATION

Gain of 474 Names Is Made Since the Date of the Primary Election According to Records.

REGISTRATION BLANKS FROM OUTSIDE PRECINCTS NOT IN

Bull Moose Registration Light. Republicans Have Majority of Names on Registration List.

A list compiled by the Democrat representative from the records in the county clerk's office shows a gain of 474 registered voters in six precincts, including Albany and precincts in the immediate vicinity.

While the registration list is by no means an accurate index to the sentiment of the individual voters, it has a certain news value and for that reason the totals in the precincts above referred to are reprinted in these columns.

Hundreds of voters who have signified their intention of voting for Wilson have registered as republicans while many of those who registered as republicans will doubtless vote for Roosevelt, but in both cases, preferred to register under the name of the party with which they have been heretofore affiliated.

The registration blanks from outside precincts are not in at this time, but the total result will be announced later. The list compiled is as follows:

Albany Precinct—Total, 343; Republican, 209; Democratic, 106; Progressive, 6; Socialist, 6; Prohibition, 5; Independent, 10; miscellaneous, 1. Gain in registration since primaries: Total, 86; Republican, 38; Democratic, 32; Progressive, 6; Socialist, 3; Prohibition, 1; Independent, 6.

Mr. Matlock is a young man of splendid business qualities and has a wide experience in the hotel business for the past eight or ten years, having been employed by many of the leading hotels in various Pacific Coast cities and towns.

He is well known to the traveling public among whom he has many friends. Mr. and Mrs. Matlock have arrived in Albany and have rented a house at Sixth and Lyon streets where they will make their future home.

ALBANY PEOPLE SHOULD GO TO HARRISBURG FRIDAY

Delegation of Fifty Desired That a Special Car and Low Rate May be Secured.

The excursion committee of the local Commercial Club met at 5 o'clock last evening to discuss plans for the trip to Harrisburg Friday and today are visiting the business houses to ascertain as near as possible just how many will go, it being the plan of the committee to secure a crowd large enough to get a special car to that city.

Albany was represented at the Potato Fair last year by a large crowd of its citizens and should be equally as well represented this year and everybody who can possibly go should notify Manager Stewart of the Commercial Club at once, for this city should send a delegation of not less than 50 and as many more as possible.

If 50 people will go a special car and a low rate can be secured and the committee desires to have a large enough crowd to justify it in ordering a special car.

The Potato Fair at Harrisburg is the leading event at that city each year and is growing larger annually. The people of that progressive city have co-operated with Albany in the various events each year here and local people should reciprocate by attending their show, which will be better this year than any previous event at that place.

Let everybody get in the game and go to Harrisburg Friday. Notify the Commercial Club at once that you are going.

FOSTER SAWMILL MAN WINS CASE IN LOCAL COURT TODAY

Was Accused by Game Warden of Throwing Sawdust Too near Santiam River.

The case of Oregon vs. John Painter, a sawmill man of Foster, was begun in Judge Swan's court this morning at 9 o'clock with Dan Johnson appearing for the state and Mark Weatherford for the defendant. After hearing the evidence in the case it was dismissed by Judge Swan on the grounds that the evidence was not sufficient to convict.

Painter who conducts a sawmill near Foster was arrested last week upon the complaint of F. L. Perkins, a deputy state game warden who alleged in his complaint that Painter was throwing his sawdust in a place where it was liable to be washed into the South Santiam river by the floods this winter, contrary to the statutes of Oregon.

Painter was brought to this city by Constable Catlin and arraigned in Judge Swan's court where he pleaded not guilty to the charge and the trial was set for hearing this morning, when it was dismissed.

VANDERPOOL APPLE TO BE EXHIBITED AT APPLE SHOW

Dave Vanderpool Will Exhibit Several Boxes of This Kind from Original Tree.

The sixth annual Albany Apple Show which will be held at the armory in this city on November 14 and 15 promises to be the most successful ever held in this city and will be one of the leading attractions of the winter in the Willamette valley. The exhibits will be large and of a greater variety than ever before and present indications point to a record breaking attendance.

Among the many exhibits which will be on display at the coming show will be several boxes of the famous Vanderpool apples which will be brought to this city by Dave Vanderpool, a well known apple grower and farmer residing 7 miles northwest of Albany near Wells.

The Vanderpool apple is a splendid keeper, good size and color, and of excellent flavor. The Vanderpool apples originally grew on a tree which grew voluntarily on the farm of Dave Vanderpool and the apples to be exhibited at the show by him will be from the original tree.

The apple is rapidly becoming popular with growers in various parts of the valley, D. W. Rumbaugh and his son Harry G. Rumbaugh also being growers of this variety, with which they have been unusually successful.

An effort will also be made to have G. W. Pennebaker exhibit some of the "everbearing" apples, or the "Albany" as they have been named. This apple was originated by David Junkin of Oakville and was later sold to G. W. Pennebaker, who purchased the product for grafting purposes.

This tree is a most peculiar one owing to the fact that it bears mature fruit and blossoms at the same time and has been greatly admired by those who have seen it.

Besides these two varieties of apples there will also be large exhibits at the fair of Mammoth Black Twigs, Baldwins, Spitzbergers, Wageners, Jonathans, Grimes' Golden, Yellow Newtons, Wolf River, Canada Reds, Northern Spy, Yellow Billflowers, and many others.

SPECIALTY NIGHT AT DREAMLAND THIS EVENING

Tonight will be specialty night at the Dreamland, the management having announced that they have secured two high class acts in vaudeville and four excellent reels of pictures, all for ten cents. For further particulars see the regular Dreamland advertisement which appears as usual in today's Democrat.

Amid the vigorous protests of Becker's counsel, who had objected as seriously when Sullivan's testimony was barred several days ago, the "King of the Newsboys" unloosed his tongue. He told his story belligerently and excitedly in his own way, just as he had asked permission to tell when he was on the stand before.

His testimony was in direct support of the contention of the defense that Rose, Webber, Vallon and Schepps, informers and state witnesses, had conspired in jail to send Becker to the electric chair by their own perjury.

One of the bears which was killed by Pete Heniger was one of the largest ever killed in Southern Oregon, weighing nearly 400 pounds and measuring 7 1/2 feet from the tip of its nose to its tail.

It measured 8 1/2 feet from one front foot to the other when placed on the ground. Mr. Merrill reports a most enjoyable trip through one of the roughest sections of the state. He killed a bear and several deer.

TRAIN STRIKES ALBANY DRAY AT LEBANON

While rounding the turn west of the high school building, a few blocks from the depot, last Saturday afternoon, the out-bound train struck a dray belonging to a drayman of Albany, says the Lebanon Express. The vehicle, containing a piano belonging to Banker S. C. Stewart, was hurled to the right of the track and upset, and the team, tearing loose, ran east and into a woven-wire fence. One animal was thrown by the impact and both became so entangled in the harness that they were unable to run farther. The driver was not severely injured on account of striking in the soft mud. Several spokes were broken and a rear wheel of the dray "dished." We have not learned the extent of the injuries to the piano. That further damage was not done is due to the fact that the train had not yet gained its full speed.
