

REGISTRATION IS LARGER THIS YEAR

Linn County Will Cast 1381 More Votes This Year Than at the Preceding Election.

MATERIAL INCREASE IN POPULATION OF COUNTY INDICATED

Progressive Registration is 48. Prohibitionists and Socialists Also Make Showing.

Continued from Friday, October 25.

Showing a gain in registration of 1381 votes over the preceding year, the complete abstract of the registration of electors in Linn county was filed this morning by County Clerk Willard Marks.

The abstract not only shows a material increase in the population of the county, but indicates that an unusual interest is being taken in the presidential election.

The total registration this year is 5,635; 2,990 of which are designated as republicans, 1875 as democrats, 156 as prohibitionists, 266 as socialists, 48 as progressives and 245 as independents.

On the face of the registration books, which is by no means an index to the political situation in Linn county or in Oregon, the democrats have the majority in North Harrisburg, Jordan, Kingston, North Scio, Sweet Home and Syracuse, while the republicans have a majority in the other precincts.

The following table shows the registration by precincts:

LINN COUNTY POMONA GRANGE HOLDS MEETING

Grange Goes on Record as Opposed to the Majority Rule Bill. Other Measures Opposed.

The following account of the meeting of the Pomona Grange is furnished the Democrat by Cyrus Walker.

The meeting yesterday with Western Star Grange was very interesting and profitable. A. C. Miller, master, in the chair.

Abundant refreshments were served at noon and evening.

The next meeting will be with Grand Prairie Grange, Dec. 19, 1912, at 10 a. m.

The following resolutions were adopted yesterday:

Resolved by the Linn County Pomona Grange, in session this 23d day of October, 1912, in hall of Western Star Grange, that we are decidedly opposed to initiative bill No. 322, to be voted upon Nov. 5, 1912, by the Oregon electors, the said bill being known as the "Majority Rule" bill, which would amend the constitution of Oregon, making it necessary to secure a majority of all electors voting at any election to adopt constitutional amendment and pass initiative measures." (Vote no. 322.)

Resolved by the Linn County Pomona Grange, that we are in favor of keeping the Oregon Agricultural College and the Oregon State University out of politics and to that end are opposed to initiative bill No. 320, putting the above schools upon a mileage basis, in that after the first day of January, 1914, the rates of mileage provided by the initiative for each school shall be subject to revision and change by the board of regents." (Vote 323 No.)

Resolved, that the Linn County Pomona Grange goes on record as being opposed to the proposed State Printer's Flat Salary bill as it now stands. (Nos. 328-329. Vote 329 No.)

Resolved that we recommend the Grange Good Roads bills to the favorable consideration and vote of the electors of this state. (Vote 324 Yes; 326 Yes.)

SENATOR BOURNE WILL BE HERE TOMORROW

That United States Senator Jonathan Bourne will arrive in Albany on the 12:40 train tomorrow was the word received here this morning by a personal friend of the Oregon senator in this city.

Senator Bourne will follow the plan which he has followed thus far during the campaign and will hold an informal reception at the St. Francis hotel from 2 to 4 o'clock tomorrow at which time he will be pleased to answer any questions concerning his candidacy or the issues of the present campaign.

BUSHEL OF WALNUTS FROM ONE TREE

J. K. Davis who resides one-half mile north of this city, yesterday brought to S. E. Young & Son a bushel of the best walnuts the writer has ever seen. They are of the Franquette variety and were grown on a single tree on the Davis ranch. Manager Hockensmith of Young's store says they are superior to the California product.

John H. Stevens, vice-president of the Corvallis & Eastern, went to Corvallis this morning. He was accompanied by Mr. Knapp, car superintendent of the Southern Pacific lines in Oregon.

Jacob Dietel went to Philomath this morning where he will look after business matters today.

THE WORD HELL.

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the TOMB, the GRAVE, the STATE OF DEATH. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

LARGE CROWD LEFT FOR THE SPUD SHOW AT HARRISBURG

Will Be Guests of people of That City This Afternoon—Will Return This Evening.

Despite the stormy weather, a large crowd of Albany people left on the afternoon train to Harrisburg to attend the Potato Show now in progress in that city. They will be the guests of the people of that city until 5 o'clock this evening when they will return home.

The potato carnival which is managed entirely by the ladies of Harrisburg, is said to be the best this year of any previous year and the exhibits are attracting wide attention, large crowds having attended the opening yesterday, and again this morning.

The people of our sister city extended an invitation to the residents of Albany to attend the show and many took advantage of the opportunity and left with the crowd today. They will undoubtedly have a good time for the people of Harrisburg are noted for their hospitality.

LAKES NEAR ALBANY STOCKED WITH FISH

Shipment of Sunfish Received Last Night by First National Bank from Government.

A shipment of sunfish direct from the government hatchery arrived on the 11:37 train last evening and were this morning planted by A. C. Schmitt, Charles Stewart and Clint Archibald, the fish being divided between Third and Horseshoe Lakes. The fish were in good condition when they arrived and unless they are molested during the next few years, some good fishing may be expected on the lakes. When the government stocks a stream with fish, a requirement is invariably made that none of the fish shall be caught for a period of three years and this rule will apply to the lakes stocked with sunfish in the vicinity of Albany.

Application was made for these fish some time ago by the First National bank and it was necessary to secure the co-operation of Congressman Hawley before the application was acted upon favorably.

Through the help of his old friend, the Honorable Geo. E. Chamberlain, P. J. Baltimore received from the government last night a shipment of channel cat fish and today planted them in the Willamette river. If anyone should catch one accidentally, please take him off your hook gently and consign him back to his new home.

THREE BIG DAMAGE SUITS ON DOCKET

William Costello Wants Sum of \$40,000 from Corvallis and Eastern Railway.

NELLIE MCDANIELS SUES A LUMBER COMPANY FOR \$25,000

Matt Wint, Local Carpenter, Is After \$5000 from Cameron & Son of This City.

Among the many cases which will be tried at the regular October term of Department No. 1 of the state circuit court for Linn county which will be convened in this city next Monday morning by Judge Percy R. Kelly, are three big damage suits.

The largest one of the three is the suit of William Costello of this city who is suing the Corvallis & Eastern Railway company for \$40,000 damages for injuries which he received while working for the railway company as a bridge carpenter on August 28, 1911.

Costello alleges in his complaint that he was working on a scaffold 20 feet above the ground and that owing to the fact that the scaffold was not provided with a railing he was knocked off and struck the ground, injuring his left shoulder and hip and depriving him of the use of his left leg. He is represented by L. M. Curl of this city and Bennett and Sinnott of The Dalles.

The next largest suit is that of Nellie McDaniels of Lebanon versus the Lebanon Lumber company. Her husband, Warren McDaniels, who was employed as a ratchet tender by the lumber company in its sawmill at Lebanon, was accidentally killed on January 4 of this year by being struck by a canting gear, which Mrs. McDaniels alleges in her complaint was defective.

She asks for damages to the amount of \$25,000. J. R. Wyatt of Portland and Weatherford & Weatherford of Albany appear for Mrs. McDaniels.

The third damage suit of importance on the docket is that of Matt Wint, a local carpenter, vs. M. J. Cameron & Son for \$5000 damages for the loss of three of the fingers of his right hand, which he sustained on July 11, 1911, while operating a saw for the defendant company. He alleges that the table of the saw was not properly provided with stops. J. J. Whitney and W. R. Bilyeu are his attorneys.
