White Way Street Lighting.

In considering the problem of upbuilding Albany, several facts stand out with special distinct-ness. The first of these facts is that no one is likely to select Al-bany for permanent location until after a personal visit and in-spection of the city. The second fact lies in the knowledge that the stay of visitors usually is short. The good impressions of the city which they receive must come quickly and must result largely from what they see.

Few aids to the attractive ap pearance of the business district of any city are more effective than modern, uniform illumination, of the type known as, "White Way Lighting," or "Ornamental Curb Lighting." This style of illum-ination, as nearly everyone knows, means the installation of architecturally pleasing iron posts along the outer edge of the sidewalks, each post surmounted by a group of tungsten electric lamps enclosed in frosted globes. Either day or night this kind of a system is satisfying to esthetic and utilitarian demands,

Visitors often arrive in the night. Most of them stay at the downtown hotels, but it is safe to say that all of them frequent the business sections in the evenings. They attend the theaters, dine at cafes, and invariably like to look the downtown streets after

Nowadays white way lighting is no innovation in the larger cities. Scores have had such il-lumination for periods of from two to three years. Not one would be willing to abandon it. Progressive cities all over the country practically have to illum-inate their down-town districts in a modern way, if they hope to compete with sister cities which already light up in an artistic and uniform manner.

It would seem that there are few practical ways Albany could utilize to immediate advantage which would be more potent than a white way lighting system, cov-ering our entire business district There is no doubt but that the Oregon Power Company would co-operate heartily in such a movement. This company realzes that whatever it does to help huild up Albany helps to build up its own business, and should be willing to offer terms as favorable as the circumstances permit

The matter should be taken up at once and in carnest jointly by the mayor and city council, and the Commercial Club. The plans made should be thorough and not hap-lowerd. Whatever arrange-ments are made should insure Albany a white way lighting sys tent second to none. Care should be used in insuring the permanency and uniformity of the light? ing over a definite period of years,

Albany cannot afford to disregard the helps toward commer-cial supremacy and presperity which have been tried and found valuable elsewhere. No time should be neglected in taking up the white way movement, and its consummation ought to be brought about at this time when every indication points to a long period of unprecedented local growth and development.

The Albany Democrat WILLIAM J. BRYAN UP FOR CHURCH MODERATOR

Is Put Forward as Candidate for Head of the Presbyterian Assembly in 1913.

Pittsburg, Nov. 22.—Pittsburg Presbyterians heard today that Wil-liam Jemings Bryan, the Democratic "Commoner," had been put forward by his church brethren of Nebraska as a candidate for moderator of the General Presbyterian. Assembly in 1913. The assembly is to convene at Atlanta, Ga. next May. Mr. Bryan as a ruling elder of the church will represent his presbytery at the meet-ing.

represent his presbytery at the meeting.

The Rev. Dr. W. L. McEwan, paster of the Third Presbyterian church of this city, has been prominently mentioned for several months as the strongest candidate for moderator.

A local minister said today that while there was nothing in the rules of the church organization to prevent a layman from serving as a moderator, that the office had always been held by a minister. It is felt here that if Mr. Bryan permits his name to remain up as a candidate he will be a hard man to defeat for the honor.

WOMEN BARRED FROM CLUB MEMBERSHIP

Republican Organization in Chicago Wants None but Males on Its Rolls.

Chicago, Nov. 22.—The Hamilton Club, one of the leading Republican organizations in the West, will vote Monday on an amendment to its constitution intended to orestrict the membership to men only.

A "joker" was discovered last March in the constitution, to the effect that "citizens" are eligible. Amendments have to be posted for six months before they are acted upon, and the club kept its contemplated action a secret until the time arrived for voting. Members declared women might apply for membership and there was nothing in the constitution to prevent them from being voted in as members.

The amendment will specify that

CRISPNOVEMBERDAY **GREETS VISITORS**

Thousands Here to Attend the Football Game at Athletic Park This Afternoon.

MANY SPECIAL TRAINS WILL ARRIVE IN ALBANY TODAY

Banquet to Rival Elevens Will Be Given at Elks Club This Evening at 6 O'clock.

Beneath a cloudless sky and with the sun shining brightly, the football game which will be played at 2:30 o'clock this afternoon at Athletic Park, between the teams of the Oregon Agricultural College and the University of Oregon, promises to be the most interesting event of its kind which has been staged on an Oregon gridiron for many years. People from all points in the Willamette valley began to arrive Albany early this morning and already there are several thousand enthusiastic admirers of the two teams within the city waiting for the coming battle this afternoon.

With the arrival of several special trains from both Corvallis and Eugene this afternoon, the crowd that is already here will be increased by several thousand more and the attendance at the game promises to be a record breaker judging from present indications. The Eugene special will bring a huge delegation of rooters and the varsity band.

Upon the arrival of the train which is coming over the Southern Pacific, the Euegne delegation will detrain and proceed to the football field which is located but a few hundred feet away, where they will occupy the section of seats on the west side of the field. With the Eugene delegation on the west side of the field will be the delegation from Portland and Salem which will arrive by the regular and several special trains, between one o'clock and two o'clock this afternoon.

The Corvallis crowd will arrive over

The Corvallis crowd will arrive over the Corvallis and Eastern at about two o'clock, probably in two special trains, thirty coaches having been ordered from the Southern Pacific to handle the people from the College City. The delegation from Corvallis will include over a thousand students of the Oregon Agricultural College, accompanied by their fine military band of thirty-five pieces.

The Corvallis townspeople and students and the Albany people will occupy seats on the east side of the field. Immediately upon arrival of the special trains from Corvallis, the students with their band will leave the trains uear the field and go directly to the park where they will be scated.

The game will be called promutive. The Corvallis crowd will arrive over

The crowd rushed the policemen, and, after a riot, the two teams, in their football togs, were escorted to another field. Just as they lined up the police, reinforced by fifty lunky volunt teers from the churches, stopped the mix-up.

The crowd made another riotous demonstration and began yelling for its money back. Then it was discovered the promoter had decamped with the "gate." A collection was taken up to send the "Vassar Girls" back to Chicago.

King Pharaoh, the wonderful educated lorse, which will be seen at the opera house tonight, reads and ciple and without trainer's aid, and will an swer any questions asked him. He can spell different words, tells his own age, is a judge of beauty and when asked, will pick out the pretiest lady in the house. He has so many accomplishments that it would take an entire page to tell what he can do. These are claims made by King Pharaolt's trainer, Dr. Boyd, which he says in good faith, he will substantiate with King Pharaoh's inst appearance in this city and saites that the King will perform many other wonderful things that no other borse has ever done.

THIEVES ENTER THOMPSON STORE AT BROWNSVILLE

Entrance Gained Through Rear Window and Many Articles of Clothing Stolen.

Thieves broke into the general merchandise store of G. C. Thompson & Son at Brownsville some time Wednesday night and carried away two coats, one overcoat, one pair of pants, one pair of shoes, two suits and some underclothing and socks.

Entrance to the store was first gained by taking out a pane of glass in a rear window, which let the robbers into a wareroom from which they attempted to gain entrance into the store room proper, but failed. They then broke the large window at the rear of the building which let them directly into the store. There is no clue, but the work has the appearance of having been done by amateurs.

Parties Searching For John C. Morgan Find Traces of Lost Man in Campfire.

DOZEN MEN STILL SCOURING HILLS OF EASTERN LINN CO.

The Searching Parties Will Be Reinforced Early Next Week If Man Is Not Found.

The scarching parties for John C. Morgan, lost in the Cascades while hunting October 28, have been enouraged during the past week by finding an old camp fire which gives some evidence of having been made by the unfortunate man the first night of his disappearance.

of his disappearance.

The fire is the one found by Earl Brown and Edward Garoutte, who became lost while assisting in the search, and who came out of the mountains at Vida after wandering for three days and two nights. Messrs, Brown and Garoutte reported the finding of the fire and Sunday last went back to the camp of the searchers to try to locate it.

This they were successful in doing.

This they were successful in doing, but instead of being located on the Gate Creek side of the divide as supposed by the lost men, the fire proved to be on the Calapoola side.

With this evidence the searchers are now bending that the care of the calaboola.

With this evidence the searchers are now bending their energies to find some clue that will show them which direction Mr. Morgan traveled, if the fire was his, when he left the next morning. If this fire was used by Mr. Morgan he did not perish on the day he became lost. It further shows that he passed through the first night without mishap and whatever betell him occurred Tuesday instead of Monday.

At present there are about a dozen men who are keeping up the search
