## WATCHMAN MAKES ATTACK ON GIRLS

Flossie Sargeant and Anna Orth of This City Assaulted at Robey Friday Night.

FRANK TULLEY ARRESTED BY SHERIFF SMITH YESTERDAY

Must Face Serious Charges Made By Girls at Salem Yesterday Morning.

Continued from Monday, Dec. 9.

Frank Tulley, employed as a watchman at the gravel pit of the Oregon Electric Railway, one mile east of this city, was arrested yesterday morning by Sheriff Smith and taken to Salem yesterday afternoon by Sheriff Minto of Marion county, where he will be compelled to face serious charges made against him by Flossie Sargent and Anna Orth, two

serious charges made against him by Flossie Sargent and Anna Orth, two Albany girls upon whom it is alleged he made a vicious attack last Friday night near the station of Robey on the Oregon Electric railway, eleven miles north of this city.

The two girls who have been employed at various restaurants in this city for several months as waitresses were recently thrown out of employment and had been promised work by a lady in Salem. The Sargent girl had been acquainted with Tulley for several years and thought him to be respectable and had accompanied him on various occasions.

When Tulley learned that the girls had been promised work in Salem and that they intended to leave for the Capital City to make arrangements for the positions, he offered to take them to that city last Friday evening on a gasoline speeder, such as are used in railroad work. They consented to accompany him, as he informed them that the trip could be made in an hour and that they would be back in Albany before 10 o'clock that night.

Instead of a gasoline speeder, however, the conveyance proved to be an

Allany before 10 o clock that night.

Instead of a gasoline speeder, however, the conveyance proved to be an ordinary handcar and the party did not arrive in Salem until after midnight, too late for the girls to see the woman who had promised them employment. After securing something to eat at one of the restaurants in Salem, the party boarded the handcar and started back to Albany.

As they neared the station of Rob-

and started back to Alhany.

As they neared the station of Robey, II miles north of Albany, Tulley informed the girls that a train was due and that he would have to remove the handcar from the track. The station was reached and the girls alighted from the handcar and as it was cold and forgay they sought shel ter from the wind in the shed which had been erected as a waiting room for passengers.

Instead of removing the hand-car from the track, however, it is claimed that Tulley came into the shed where the girls were waiting and throwing his arms about the Sargent girl attempted to force her to the ground. She fought him with all her strength and finally managed to break away from him.

She ran in the direction of Albany and crossed the Santiam bridge, which is over a mile in length, falling several times and bruising herself in many places. She finally reached the farmhouse of a family named Jones where she aroused the people who took her in and cared for her.

#### FUNERAL OF MRS. HULBERT HELD TODAY IN THE EAST

The funeral of Mrs. Hulbert, mother of J. R. Hulbert of the Hulbert-Ohling Hardware company, will be held at Union Grove, Wisconsin, this afternoon and interment will be made at Waterford, Wisconsin, tomorrow.

Mr. Hulbert received a message Saturday afternoon to the effect that his mother had passed away at Union Grove. She has been in poor health for some months and was visiting at her old home in Wisconsin at the time of her death. Mrs. Hulbert was well known in Albany and the news of the death came as a great shock to her many friends in Linn county.

## THREE HUNTERS KILL SIXTY

Claud Logsdon, Will Pollock and W. B. Biddle now hold the undisputed title of being the champion duck hunters, having returned from the Logsdon lake six miles north of Albany with a string of sixty ducks which they shot yesterday.

Of the sixty birds killed, twentynne were mallards and 28 teal. The three hunters shot from the same blind.

Congress has a bath room the people pay for. Two darkies guard it. Recently Congressman Lafferty made a thrilling speech aiking that it be kept open later than 6 p. m. for his benefit, as he likes late baths. It is all rot, a small sample of the way the people's money is squandered.

## OF KNOX BUTTE M.E. NICEWOODSHOT VAN WINKLE WILL ATTEND BY PAUL ACKERMAN

Jealous Lover Shoots Rival on Albany-Shedds Road at 10 O'clock Last Night.

**BULLET PLOWS FURROW IN** CHEEK OF SHEDDS FARMER

Young Man and Lady Friend Were on Way Home From Albany When Held Up.

M. E. Nicewood, a prominent young farmer residing near the Boston Mills in the vicinity of Shedds, was shot through the right cheek at 10 o'clock last evening. Paul Ackerman, who was hid in the brush along the Al-bany-Shedds road awaiting his ap-proach, is his alleged assailant.

proach, is his alleged assailant.

The bullet entered Nicewood's cheek near the mouth and plowed its way under the skin to a point under the lobe of his right ear where it lodged. Nicewood returned to Albany, arriving here at midnight where his wounds were dressed by Dr. B. R. Wallace. The bullet was located by the physician but has not yet been removed as it will probably have to be taken out through the mouth.

According to Nicewood's story, he

be taken out through the mouth.

According to Nicewood's story, he and Ackerman have been rivals for the hand of Miss Tempe Brock, a young lady residing in the vicinity of Shedds. Nicewood appears to have been the favorite with the young lady which aroused the jealousy of Ackerman, who threatened on several occasions to shoot them both. No attention was paid to his threats, however, by either Nicewood or Miss Brock.

Before Nicewood had time to act, the man, whose voice had been recognized by both Nicewood and Miss Brock as being Ackerman's, pointed his gun directly at Nicewood's face and pulled the trigger.

Nicewood immediately whipped up his horse and as the buggy drew rapidly away from the scene, Ackerman fired several more shots in the direction of the buggy, none of which did any damage and only one of them striking the rig.

Nicewood and the young lady drove back to this city by a circuitous route, arriving here shortly after midnight. Dr. Wallace was called and made an examination of the wound and after considerable probing located the bullet under the lobe of the right ear. The wound was temporarily dressed and the bullet will be removed today.

Nicewood appeared at the district attorney's office this morning where a rounplaint was made before District Attorney fill. After hearing the particulars, the district attorney had a warrant issued from Judge Swan's court for the arrest of Ackerman.

Constable Catlin left this morning for Shedds after the man and

#### FOUR CHICAGO BOYS ADMIT OF FIFTY THEFTS

Chicago, Dec. 8.—Four young men, ranging in age from 16 to 21 years, confessed to the police of Belrose Park, a suburb, this afternoon, that they have committed at least fifty robberies during the past twelve months and carried away loot the aggregate value of which is placed at \$23,000. In the property stolen by the quartette are twenty automobiles, many diamonds, quantities of cutglass, silverware, clothing and jewelry. The youths gave their names as James Brong, Leonard Tartorello, Charles Garnett and John Ragone.

During the past few weeks robberies have occurred nightly.

#### KANSAS GIRLS TAKE A COURSE FOR BRIDES

Topeka, Kan., Dec. 6,—There are 738 Kansas girls taking the course in the "bride's school" at the Kansas agricultural college this year , and when they complete their work next June there will be that many prospective brides ready for homes, brides who know what to do an dhow to do it in keeping house properly. These girls will never feed their husbands on sour biscuits or look dowdy in their new dresses.

No one knows just exactly how many engaged girls there are in the school this year. The instructors can only guess, and the best guess is that fully 500 of the girls now taknig the course at college are already engaged and that most of them will be married before th cend of another school

year.

#### FIREMAN'S ELECTION BEING HELD THIS AFTERNOON

The fire fighters of the city are turning out in large numbers this afternoon to vote at the election for fire chief, which is being held at the house of Engine Company No. 1 on Second street.

There are two candidates for election, W. A. Eastburn, one of Albany's wholesale grocers, and Fred Hockspeier, who has officated as chief for the past year. The friends of both men are confident of the election of their respective candidates but the result will not be known before the votes are all counted this evening.

Bert K. Lawson, the superintendent Bert K. Lawson, the superintendent of the penitentiary, was in the city today while on his way t oSalem from a trip to Cottage Grove, his former home, and where he was residing recently when the penitentiary lightning struck him with hardly an hour's warning. He has some good penitentiary ideas, along reform lines, in keeping with those of the governor's.

# TOBE OPENED SOON

Formal Opening of New Structure Will Probably Occur on Next Thursday, Dec. 12.

INTERIOR IS HANDSOMELY FINISHED IN OREGON FIR

Lighting Fixtures Are of Solid Brass; Ladies Waiting Room Is Attractive.

That the new passenger station of the Oregon Electric which will probably be opened to the public in this city next Thursday is the finest passenger depot on any electric railway in this state, is the opinion of everyone who has been afforded an opportunity of seeing the interior.

Agent Hoydar stated to the Democrat representative this afternoon that the work of finishing the inside work is being rushed and is now practically finished, and that it was hoped to have the station ready to be formally opened on Thursday of this week. The station is certainly a credit to this city and a building of which the citizens may be justly proud. The exterior of the building is of red pressed brick with stone trimmings and the roof will be of green tile, which is now on the ground and ready to install. On the Fifth street side of the building and at the east and west ends, a wide concrete platform is now under course of construction.

The inside of the building is the most attractive of any depot building in the state. Around all the sides and ends of the main waiting room has been placed green tiling which extends from the floor upward for six feet. The floor is of cement.

On the north side of the waiting room is located the ticket office which is constructed of Oregon fir of beautiful grain and highly polished. The ticket office is fitted up with a ticket window, a conductor's window, and the telegraph operator's table is of solid oak.

Probably the most attractive feature of the interior of the new station is the beautiful electric light fixtures which were purchased through the Ralston Electric Supply company of this city. The lights were made by the Albert Sechrist company of Denver and are of solid brass.

Twelve of these beautiful inverted lights are suspended from the ceiling of the room by chains. Each of the light bowls contains a 150 watt Tungsten lamp and when they are all turned on, the depot is as light as day.

The ladies 'waiting room which is located in the wast end of the building is a beautiful room. It
