

NEW HOTEL BUILDING

A. E. Dagany Is Erecting a Three-Story One.

A. E. Dagany has begun the erection of a three-story building, 24x85 feet, to contain 33 rooms, on his property corner of Mill and Sumpter streets.

The building is intended to be used as a first class hotel, having been leased for one year with renewal rights by J. A. Fowler, a recent arrival in Sumpter, who has the good business judgment to begin early preparations for the heavy travel to this place in the early spring and summer, though it is no error to say his new house will be filled from its opening day, which will be not later than February 1.

The new hotel will be on the American plan and well appointed in all respects. Contractor George Snyder is in charge of the work, which insures its early completion.

"Miner" Printery and "Litho-Printing."

Things are progressing in this camp, but none too swift for THE MINER'S natural gait. Since "we" went to press last week we (the same as above) have added to our (possessive of "we") already absolutely perfect metropolitan printing house, a six-bit chair, a broom and an oil can, and had our scissors sharpened with a rat tail file. Next spring, if a leading and accomplished business man of this progressive city doesn't throw us down on a job of 250 sixth-sheet bill heads which he has promised us, we will buy a pound and a half of six-to-pica leads and a box of thoroughly up-to-date hickory quoin, thus making this the most superbly equipped printery this side of Hesper Junction. Among the most perfectly lovely jobs which we have turned out this month is a set of a dozen placards for one of our (meaning the town this time) most enterprising saloon men, announcing that no drinks go with billiard games. The piece of exquisite litho-printing is done on the very finest two-ply stem-winding straw board, with the finest quality of sixteen cent black news ink, the press work being equal to that done "in the city offices" on a proof press. One of these will be placed on exhibition in the high art building of the county fair to be held next fall at Oshkosh. And if you see it in THE MINER, whistle for the police.

One of Many Who Made Money Here.

M. H. Allen, formerly employed in the railroad shops at La Grande, has had good success at Sumpter, where he has resided during the past two years. Being in the field early, Mr. Allen was enabled to get in on the ground floor, and is reputed to have piled up several thousand dollars in real estate transactions during the past two months. Mr. Allen was a passenger to Portland this week, the object of his trip being to purchase a stock of merchandise for a general store to be opened at Sumpter at the earliest possible

date. Mr. Allen's friends in La Grande will be glad to hear of his success.—La Grande Chronicle.
