HOME TREATMENT FOR WEAK MEN

My invention, the Dr. Sanden Electric Belt, with attachment for males, is a 20 century treatment for all weaknesses of men which result from youthful indiscretions or later excesses: It embodies the best efforts of my 30 years experience as a specialist. It cures because Electricity is strength or nerve force, and it saturates the system with nerve energy. Six thousand young and old men were restored to strength during 1899 by the use of Dr. Sanden's Electric Belt.

It is known in every part of the globe. The application is common sense. Two plates, positive pole, cover the small of the back over the weak spot; one plate in front and the attachment for men constitute the negative pole. The current, then, in flowing from back to front, crosses or goes through the Kidneys, Liver, Stomach, Bladder, Prostate Gland, and all weakened organs, giving quick and permanent results. There is no stimulation, no just temporary benefit. Electricity builds up solidly, substantially and surely. You may wear my Belt at night. Currents instantly felt, though controlled by a little regulator screw. Drop in and consult me or write for free book. Consultation free at my office, or my little book sent, sealed, free. It explains all.
