Throttle Weakness!
WITH AND WITHOUT COVER
DR. SANDEN'S
1900 Model
NERVOUS debility and weakness, slow chronic disorders, which result from youthful errors or later excesses, seldom, if ever, get well of themselves. That is not because Nature is not doing her utmost to relieve and cure, but from the fact that she has been overtaxed and her laws recklessly disregarded. She needs aid. Electricity will bring back lost strength. It assists nature. When properly applied it gives WEAK MEN new strength. I am the inventor of the Dr. Sanden Electric Belt, known now throughout the world as the model home self-application of galvanic electricity. Last year 6000 were restored to strength. My latest model Dr. Sanden Electric Belt embodies all that is of value in any galvano-therapeutic appliance known. The suspensory attachment—new—brings current directly to weakened parts. You wear the Dr. Sanden Electric Belt all night. It gives strength and nerve force while you sleep. No drugs to wreck the stomach. Write today for my little descriptive book, sent sealed. I personally answer letters. If nearby, drop in at my office for free consultation, when we will go over symptoms. You can test strength of current. Write or call today. Address Dr. A. T. Sanden Co. Russell Building, Portland, Oregon.
