The Sumpter Miner
Is the recognized exponent of the mining and industrial interests of the EASTERN OREGON GOLD FIELDS. In the
Sumpter District

Its circulation is already the largest of any paper published in the district, both locally and in other communities and states, and is growing rapidly. As an advertising medium THE MINER stands at the head of the list, as its columns demonstrate. Advertising, like everything else, is worth little or nothing if it costs little or nothing. THE MINER'S rates are reasonable.
The Job Department
