

Grizzly Gold Mining Co.

CAPITAL \$500,000

in 1,000,000 shares of the par value of Fifty Cents Each. Treasury Stock 400,000 shares.

FULL PAID AND NON-ASSESSABLE.

OFFICERS:

President, JNO. J. PENHALE,
(Gen. Mgr. Banker Hill Gold Mining Co., Sumpter, Oregon.)

Vice-Pres., ALBERT GEISER,
(President Citizens Bank, Baker City.)

Treasurer, EUGENE SPERRY
Secretary, R. C. PENTLAND

PROPERTY

The Grizzly group consists of the "Colorado" and the "Colorado Extension" quartz mineral claims, situated in the Sumpter District of Baker county, Oregon, six miles northwest of the town of Sumpter, forming part of the rich mineral zone wherein are located producing mines of fabulous wealth, such as the "North Pole," "Columbia," "Golconda," "Bonanza" etc., etc. Development work on the Grizzly group has disclosed a gold bearing ledge of remarkably high value, development work has progressed and there is every reason to expect the property will become one of the greatest mines in Oregon.

Read Our Proposition Carefully

A limited amount of Treasury Stock is offered for sale at **SIX CENTS** per share, payable cash down or in twelve monthly payments, the funds realized being used for opening up the property and making a producing mine of it. The purpose of the company is to have a steady inflow of cash to meet monthly pay roll and expenses incidental to active development work. This can be realized by selling stock on monthly installments just as well as if selling for all cash.

Remarkable Opportunity

The following offer is made investors for the purchase of Treasury Stock: **2,000 SHARES AT 5c PER SHARE. \$120.00; TERMS, \$10 PER MONTH UNTIL PAID. LARGER BLOCKS OF STOCK ON PRO RATA SCALE.** This plan enables many investors to secure control of a larger block of stock than if paying all cash, thereby affording the opportunity of gaining enormous profits on actual cash outlay, it being considered a certainty that long before the last monthly payment shall be made, active development will make the stock worth, on the open market, several times the value at which it is now being purchased; with a strong probability that par value will be attained. Subscriptions for stock may be sent to the FIRST BANK OF SUMPTER, Sumpter, Oregon, or to the Secretary of the Company. For prospectus and further information, address

RICH STRAWBERRY DISTRICT.

Immense Ledge Uncovered That Carries High Values.

The Strawberry range of mountains is coming to the front as well as the Quartzburg section of the Prairie City mining district. Several too-foot ledges showing fabulous wealth have been uncovered in the Quartzburg section this spring, and as the snow disappears so that the mountains are accessible, just as large ledges that carry ore of high value will be discovered.

Samuel Gallagher, R. F. Johnson, Joseph Pergue and James McKay left Prairie City about ten days ago on a prospecting tour on the north slope of Strawberry range, and at the headwaters of Dean creek they located the Copper King. At the head of Pine creek, about one mile east of the Copper King, they located the Pinot, and directly east of this they located two others.

Mr. Gallagher came to Prairie City last Thursday evening and left two large specimens of ore from the Copper King and Pinot at the Miner office, and when asked what kind of a proposition he had, said:

"These claims are located fifteen miles southwest of Prairie City, on the north slope of Strawberry range, at the headwaters of Dean and Pine creeks. The Copper King has a six-foot ledge and will run from fifteen to twenty per cent copper, or about eighty dollars in gold and copper. With what little work has been done the side walls are in plain view.

"The croppings on the Pinot show the ledge to be too feet wide and the ore values are about the same as those of the Copper King."

To those not familiar with the Prairie City district, it is well to state here that the great Oregon Wonder and Will Cleaver groups are located on this range of mountains, and several other large strikes

have been made near these properties by Canyon City parties.

The large strikes being daily made strengthens the prediction that some day Prairie City will be the smelting center of the world.

Mr. Gallagher left Saturday morning for the claims with a wagon load of provisions, giant powder, and other necessary equipment for opening up a mine.—Prairie City Miner.

Large, Fine Hotel for Lawton.

The Lawton Investment company, owners of the Lawton townsite, have about completed preparations for the construction of a large three story hotel in this city, and it is understood actual work on the building will begin within the next two or three weeks. Dr. E. J. Sommerville, president of the company, and James A. Howard, secretary, will depart for outside points Sunday to perfect details for furnishing and management of the new establishment, and it is confidently expected that it will be open for business not later than August 1st. The gentlemen expect to be absent from four to ten days on their mission. A first class hotel is one of the first requirements of every progressive city and Lawton's advancement has been seriously handicapped because she has been thus far unable to offer adequate accommodations to the traveling public. True, we have several fine restaurants and ample sleeping apartments for all comers, but these hardly supply the place of a regular hotel, and the Standard is glad, indeed, for one, that this necessity is at last to be supplied in such a satisfactory way. It is understood the management of the new hotel is to be entrusted to an experienced man from Portland.—Lawton Standard.

Circus Will be Here Friday and Saturday.

Leonard Brothers' Big Circus will be in Sumpter next Friday and Saturday afternoon and evening, June 15 and 16. This

circus is twice as large as ever before and has many new and attractive features. Of Prof. Hunt's performing dogs, the Oregonian of April 19, 1900 says: "Prof. Hunt's kennel of dogs at the dog show are wonderful, and they can and do almost everything that could be performed by dumb animals." Be on hand and see the street parade. They have one of the best brass bands on the road. Remember the dates, June 15 and 16. Price of admission 25 and 50 cents.

Bonanza's Bullion Brick.

Mr. James Gartland, superintendent of the Bonanza Mining company, arrived in the city yesterday morning from the Bonanza mine and brought with him two or more good-sized gold bricks, which he left at the first National bank. The value of the brick could not be ascertained, since the Bonanza does not make public its product. The bricks represent several thousand dollars, however, the output of the five days of the present months.—Baker City Democrat.

Sale of the Roadside Group.

Chas. R. Parsons and R. C. Wellwood this week purchased from Alison McGregor the Roadside group of four claims, adjoining the Quebec mine, on Quebec mountain. There is a 30-foot shaft on one of the claims, while a 22-foot ledge is opened up by a crosscut tunnel in one of the others. The remaining two claims also give a good surface showing. It is the intention of the purchasers to begin development work at once.—Granite Gem.

Columbia beer, brewed in Sumpter, is second to none.

Go to Fenner & Worthington for all kinds of engineering.

Handsome lot of Dickens' vest chains for men at F. C. Brodie's jewelry store, Opera House block.
