

Strength For Weak Men!

COPYRIGHTED

Say the word. Let me show you what I have been showing men for over a quarter of a century—the true road to health. The remedy I offer will serve you faithfully, without danger.

DON'T USE DRUGS

During my early years of practice I gave prescriptions to weak men. I know better now. For thirty years I have been treating those peculiar nervous symptoms which result from youthful errors or later excesses, such as Drains, Impotency, Lamé Back, Varicocele, etc. From so vast an experience I can usually offer men, single or married, valuable advice. Reader, I wish it was in my power to show every weak man what wonderful results I am getting from my famous appliance, the

Dr. Sanden Electric Belt

and suspensory attachment. It is a never failing restorer of strength if used properly. You may believe when I show you 6000 unsolicited testimonials of absolute cures—names and addresses—received during 1899. This belt is the result of patient years of study. It developed from a portable chain battery I invented twenty-five years ago. It has undergone many changes, until today it embodies the best features of all electrical appliances, and constitutes what I consider a perfect home self-treatment for men. It is really a portable battery of 36 elements. Weight, 6 ounces. Currents instantly felt, though regulated to any degree of strength while on the body by using regulator thumb screw. Worn all night. Soothes, strengthens, cures while you sleep.

FREE BOOK! Write for little book, "Three Classes of Men," which explains all, and is sent in plain sealed envelope free, or if in or near this city, drop in and consult me free of charge. I give all correspondence personal attention. Do as I say. Write or call today.

STREET RAILWAYS.

Council is Asked For a Franchise Over all Streets.

At the council meeting Saturday evening an ordinance was introduced granting a street railway franchise to A. C. Little, E. Cannon, J. B. Stoddard and S. H. Bell. This ordinance is short and concise. It grants the privilege of constructing and operating street railways over all street within the present corporate limits and through the streets of any additions to be platted in the future; the cars to be operated by electricity, steam or other motive power. The ordinance went to its first reading.

The ordinance providing for the protection of firemen and apparatus was referred to the city attorney for reconstruction.

The ordinance, requiring house owners to provide fire escapes, went to its second reading.

The following ordinances were passed: No. 13, prescribing the duties of city attorney; No. 14, appropriating for the city's use the east 100 feet of alley in block 2 Riverside addition; No. 15, providing a public dumping ground.

The election by the fire department of Chief Hammond and President Roblin was approved.

The matter of selecting a site for the fire alarm bell and tower was referred to the committee on streets and alleys.

Chief Hammond was authorized to secure what additional fire apparatus, which, in his judgment is needed.

Recorder Manning was instructed to purchase a hook and ladder truck. He has already ordered it shipped.

Telephone System For Lawton.

Among the many improvements which are being made and contemplated in

Lawton is a telephone exchange. Ten instruments have been subscribed for by the business men and as soon as the switchboard arrives they will be immediately installed. Besides the local circuit, telephone connection will be had by the Lawton exchange with the Concord mine, Red Boy, Cougar mine and sawmill. It is expected the exchange will be completed by July 1. The central office will be in the Standard building.—Granite Boulder.

Bonanza West a Great Mine.

Warren Cabell, superintendent of the Bonanza-West Mining company, operating in Bonanza district, is in the city. The Bonanza-West company is composed of Canada capitalists, principal of which are Colonel S. W. Ray and John J. Penhale. The property is making a splendid showing and a mill is contemplated at no distant day. Mr. Cabell says the operations of the Empire Mining company, under the direction of Ed Le Clair, as manager, are showing a valuable property. The work is being done in the right way to show up the mine and the prospects of ore production is so good that a mill will soon be working the ores of the Richmond mine. The Empire company recently purchased the Don Juan ten-stamp mill and the plant will soon be removed to the Richmond. F. J. Conroy is working a full force of miners on the Black Bird, and recently bonded the Gold Boy, the east extension of the Bonanza. The district is very lively in the way of mine development. Mr. Cabell says the Bonanza district will prove to be a big camp.—Baker City Democrat.

New Fire Department Officers.

At a meeting of the fire department Friday evening, Chief Thornton's resignation was received and accepted. A. A. Hammond was elected to fill the vacancy. Attorney Shelton resigned as president of the department and C. E. Roblin was

elected to the position. Harley Wood was elected foreman of Hose Company No. 2. There has been some friction in the department, which caused these resignations. It is hoped that these changes will result in the restoration of entire harmony.

"The Portland", conducted by Gus Woodward on Mill street, is fully a representation of its name. A visit will convince you of this.

A nice cool pitcher of Weinhard's beer 25 cents, at Henry Finger's, Center street.

Columbia beer, brewed in Sumpter, is second to none.

The Literary Digest

Issued Weekly
32 Pages Illustrated

"All the Periodicals in One"

THE LITERARY DIGEST has taken the highest rank as a weekly review of current thought at home and abroad, in the realms of literature, art, science, religion, politics, sociology, travel, discovery, business, etc. Discussion and information on all sides of important questions are given. The contents each week cover a field so diversified as to make THE LITERARY DIGEST indispensable to the busy man who desires to keep up with the thought of the time, but who lacks the leisure for such a task.

OPINIONS FROM AUTHORITIES

E. P. Powell, D. D., in Unity, Chicago: "THE LITERARY DIGEST is an absolute necessity to those who would keep in line with the progress of thought and achievement. I do not see how any thinking man can get along without it."

Edwin Markham, Author of "The Man With the Hoe": "THE LITERARY DIGEST is one of the two or three most valuable journals that come to my table."

Ex-Senator John J. Ingalls: "THE LITERARY DIGEST enlarges the boundaries of intelligence."

Senator William P. Fry: "It will afford immense assistance to the scholars of the country."

Gov. John P. Altgeld, of Illinois: "THE LITERARY DIGEST is one of the very best publications in America. To a student of current literature it is invaluable."
