

...THE CITY OF...

SUMPTER

IS AND ALWAYS WILL BE THE RESIDENCE,
COMMERCIAL, BANKING AND MINING CENTER
OF THE

Great Sumpter Mining District

Surrounded as it is by Ten Dividend Paying Mines with Stamp Mills. Many shipping mines are now being developed by capital and will soon be dividend payers, while hundreds of promising prospects are in process of development.

Enterprise With Capital Will Find This a Profitable and Safe Field For Investment

SUMPTER, OREGON

IS A MODERN LITTLE CITY OF
3500 POPULATION

It has many blocks of paved streets, gravity water system, reservoir capacity 1,000,000 gallons fed by pure mountain streams, 80 pounds pressure at fire hydrants; a first-class and well equipped fire department; electric light plant not surpassed in the state, 2000 incandescent lamps, streets lighted by 20 arc lamps; good city government, good public schools, lodges of nearly all the secret orders represented, healthy climate, and different from many mining centers it is a "CITY OF HOMES FOR THE ENTIRE SURROUNDING DISTRICT."

SUMPTER WITHIN THREE YEARS WILL HAVE A POPULATION
OF TEN THOUSAND
