**RICH DIADRM ROCK.**

Seven Tons Nets the Company Fully \$800.

The following statement shows the returns to the Diadem Gold Mining company, of Sumpter, from the Baker City Sampling works, on seven tons of ore from that mine, under date of July 11:

- Bought of the Diadem Gold Mining Co. Lot No., 68-1
- Description of ore, 253 sacks
- Wet weight, 14,039
- Per cent moisture, 5 1/2
- Dry weight, 13,063
- Gold ounces, 7
- Silver ounces 9.40
- Cost of treatment \$8.00
- Net price per ton \$130.50
- Amount total \$852.29
- Freight at \$7.00 per ton, \$52.05
- Net value of ore, \$800.24

This is the first lot of ore shipped by the Diadem people, but there will be another ten tons sent to the sampling works this week, to be followed rapidly by various lots from time to time.

**Developing a Water Power.**

The survey has been accepted and the contract let to Mr. J. White, of Baker City, for building the water flume to carry water to the power house to be erected on Pine creek, by the Searles company, owners and operators of the Cornucopia Mines of Oregon. Work will begin immediately and the plant will be in operation as soon as men and money can do the work. George Brown's sawmill is at work getting out the flume lumber, it being estimated that 150,000 feet will be necessary for this purpose. An additional 100,000 feet has been ordered for the buildings. The flume will begin at or near the mouth of Elk creek and the plant will be located on the McDonald place about a mile below. The power will be trans-

mitted in the form of electricity by trolley to the mill and mines about two miles away.—Carson Tocsin.

**Reported Rich Strike in Red Boy.**

Attorney C. F. Hyde, who returned yesterday from a flying trip to the upper country, reports that a rich strike was made in the Red Boy last Saturday evening. He was there when it was reported and was shown some of the ore. He says it was dazzling to behold and it was fully half gold—the richest ore yet found in that fabulously rich mine. How extensive the body of ore of that grade is no one knows for it had just been broken into. The strike was made in sinking a winze and was 40 feet below the lowest workings of the mine.—Democrat.

**Brothers Meet After 47 Years.**

J. S. Hughes, of the Standard group at Quartzburg, passed through Sumpter Sunday on his way to the mine, accompanied by his wife, who has been in California for a year in search of health, which he says she was successful in finding. J. H. Hughes, of Neosho, Missouri, a brother of J. S., was also with the party. The two brothers had not seen each other in forty-seven years.
