PROPERTY

The Grizzly group consists of the "Colorado" and the "Colorado Extension" quartz mineral claims, situated in the Sumpter District of Baker county, Oregon, six miles northwest of the town of Sumpter, forming part of the rich mineral zone wherein are located producing mines of fabulous wealth, such as the "North Pole," "Columbia," "Golconda," "Bonanza" etc., etc. Development work on the Grizzly group has disclosed a gold bearing ledge of remarkably high value, development work has progressed and there is every reason to expect the property will become one of the greatest mines in Oregon.

Read Our Proposition Carefully

A limited amount of Treasury Stock is offered for sale at **SIX CENTS** per share, payable cash down or in twelve monthly payments, the funds realized being used for opening up the property and making a producing mine of it. The purpose of the company is to have a steady inflow of cash to meet monthly pay roll and expenses incidental to active development work. This can be realized by selling stock on monthly installments just as well as if selling for all cash.

Remarkable Opportunity

The following offer is made investors for the purchase of Treasury Stock: **2,000 SHARES AT 6c PER SHARE, \$120.00; TERMS, \$10 PER MONTH UNTIL PAID. LARGER BLOCKS OF STOCK ON PRO RATA SCALE**. This plan enables many investors to secure control of a larger block of stock than if paying all cash thereby affording the opportunity of gaining enormous profits on actual cash outlay, it being considered a certainty that long before the last monthly payment shall be made, active development will make the stock worth, on the open market, several times the value at which it is now being purchased; with a strong probability that par value will be attained. Subscriptions for stock may be sent to the **FIRST BANK OF SUMPTER, Sumpter, Oregon,** or to the Secretary of the Company. For prospectus and further information, address

Philbrick Armed With an Injunction

Arthur Philbrick, the Baker City mining man, left this city yesterday for Weiser, armed with an injunction issued by Judge Stewart, which will be served by Washington county's sheriff on the filing by the parties securing the process of the necessary bond. The injunction was obtained on behalf of Charles H. Chance and is directed to W. W. Campbell, who is enjoined from interfering with the Last Chance mining claim on the head of, Mann's creek pending adjudication of the case. According to Chance's affidavit he located the claim and posted the notice on July 2, the ground never before having been located. He went away to record the location and, returning to do the assessment work, found Campbell in possession, determined to remain. Mr. Philbrick, who, it seems, has some interest in the property, was sent to Boise to secure legal advice, and the issuance of an injunction followed.—Boise Statesman.

Will Work the Old California.

Yesterday H. Cable, Johanna W. Cabell and Bessie Cabell executed a bond and lease on the old California mine, at the head of Cable Cove, to Messrs. Killen and Warner, of Spokane. The lessees have contracted to run a 700-foot crosscut tunnel, which will cut the main ledge 100 feet in depth, the work to be commenced not later than August 1, 1900. Mr. William Jackson, formerly superintendent of the Golconda mine, is to be in charge of operations at the California. The California is the oldest location in the Cable Cove district, and has been quite extensively developed in years past. The Cable Bros. and Cabell Bros. have owned the property from its first discovery and several years ago realized good returns from ore shipments made to San Francisco. Of late the property has been idle but its merits have all along been

recognized. The proposed plan of development will certainly make of the California a great producer.—Baker City Democrat.

Scenic Line of the World.

For an enjoyable trip east, take the Denver & Rio Grande railroad, Scenic Line of the world. Three daily trains between Denver, Colorado Springs, Pueblo and all eastern points, and all points on the Pacific coast. Most magnificent scenery on this continent. The leading feature in connection with the trip is that the through trains pass through the scenic attractions of the Rocky mountains in Colorado by daylight, thus affording passengers a cool, pleasant and enjoyable ride, free from dust and the annoyances experienced via other lines. Superb dining car service on all through trains. Service a la carte, pay for what you order. Through standard and tourist sleepers. Stopovers allowed on all classes of tickets anywhere between Ogden and Denver. Call on your nearest ticket agent for tickets, rates and all information, or address, **B. C. Shaniko "Knockers" at Large.

Some parties who came to Shaniko in the spring, when hands were scarce, and got jobs, and after working—or attempting to put in time—and finally were fired after competent men could be found to replace them, have left for pastures new and are circulating reports that the bottom has dropped out of Shaniko, and that it is on the wane. We have gone to the trouble to look into the matter, and find that such reports could only be circulated by cheerful liars.—Shaniko Leader.
