PROPERTY

The Grizzly group consists of the "Colorado" and the "Colorado Extension" quartz mineral claims, situated in the Sumpter District of Baker county, Oregon, six miles northwest of the town of Sumpter, forming part of the rich mineral zone wherein are located producing mines of fabulous wealth, such as the "North Pole," "Columbia," "Golconda," "Bonanza" etc., etc. Development work on the Grizzly group has disclosed a gold bearing ledge of remarkably high value, development work has progressed and there is every reason to expect the property will become one of the greatest mines in Oregon.

Read Our Proposition Carefully

A limited amount of Treasury Stock is offered for sale at **SIX CENTS** per share, payable cash down or in twelve monthly payments, the funds realized being used for opening up the property and making a producing mine of it. The purpose of the company is to have a steady inflow of cash to meet monthly pay roll and expenses incidental to active development work. This can be realized by selling stock on monthly installments just as well as if selling for all cash.

Remarkable Opportunity

The following offer is made investors for the purchase of Treasury Stock: **2,000 SHARES AT 6¢ PER SHARE, \$120.00; TERMS, \$10 PER MONTH UNTIL PAID. LARGER BLOCKS OF STOCK ON PRO RATA SCALE.** This plan enables many investors to secure control of a larger block of stock than if paying all cash, thereby affording the opportunity of gaining enormous profits on actual cash outlay, it being considered a certainty that long before the last monthly payment shall be made, active development will make the stock worth, on the open market, several times the value at which it is now being purchased, with a strong probability that par value will be attained. Subscriptions for stock may be sent to the First Bank of Sumpter, Sumpter, Oregon, or to the Secretary of the Company. For prospectus and further information, address

TAKES THE BLACK VEIL.

Daughter of Mr. and Mrs. John Gagen
Renounces the World.

On Thursday the convent chapel of St. Joseph's Academy was the scene of the solemn religious services of profession. Two persons, wearing the white veil of the novice, presented themselves before Rev. Joseph Chianale, S. J., to make binding the compact already made on entering religion, by sealing it with the vows of poverty, chastity and obedience.

The sanctuary decorations were tastefully and effectively arranged. Numerous wax tapers burned around the tabernacle, choice flowers were massed on the altar, and plants filled every available space. The sunlight glimmering through the windows flooded the chapel with its mellow and varied tints and rested on the bowed heads of the adorers.

The rendition of several beautiful sacred quartets by the members of St. Mary's choir added greatly to the solemnity of the occasion.

The novices who made their religious profession were Sister M. Praxedes (Miss Siddle Gagen, of Pendleton), and Sister M. Bonos (Miss Mary Alder, of Pennsylvania). In order to consecrate their lives to the service of God and to carry out their high and holy vocation, they chose the order of St. Francis, the highest aim of which is the education of youth, to show forth to the world the glory and nobility of Christian education.

Sister M. Praxedes is the gifted daughter of Mr. and Mrs. John Gagen, formerly of Pendleton. Mr. Gagen, his wife and son, accompanied by many friends from Baker City, Sumpter, and Pendleton, witnessed the ceremony.—East Oregonian.

Mistaken Identity.

Quite an amusing occurrence was that of some of E. E. Wishard's friends last

Thursday. B. R. Williams, of Palouse, has been engaged at Case Furniture Co's store for several weeks. He was about leaving on a visit to the great wheat valleys and was accompanied by a very prepossessing young lady on the cars to Baker. On arriving there Mr. Manning stepped up and shook hands with, as he thought, Mr. Wishard. The gentleman addressed said: "I am not Mr. Wishard, but it's all right. If he can stand it, I can." While they were talking up came Brother Deal, of McEwen, and said: "How do you do Mr. Wishard?" "My name is Williams" said the double of Mr. Wishard, "This is the third time today I have been mistaken for the handsome young merchant. Only this morning Mr. Shatt addressed me as Wishard, and now it has just been repeated by you two gentlemen. I begin to wonder who I am, anyway." The domineer responded, "Well, either of you might feel complimented at the mistake."

Promising Claims Near Town.

Samples of quartz from a very promising claim on Lake creek, four miles from town, were shown at McLeod & Company's office a day or two since, and the owners think they have the making of a mine therein, which is not improbable. The claims, known as the Pride of Oregon and Extension, were located last fall and are owned by P. D. Healey, L. Potter and Bernard Flynn, all of Sumpter, and by them are being developed at this time. A tunnel of forty feet run on the vein has uncovered a good looking quartz said to run well up in values. A large percentage of iron also makes it an attractive proposition, being near a smelter, where such ores are valuable, whether they carry well in gold and other metals or not. One of the owners is authority for the statement that over \$5.00 values were had at the grass roots, since when it has improved.
