The Sumpter Miner

Is the recognized exponent of the mining and industrial interests of the EASTERN OREGON GOLD FIELDS. In the

Sumpter District

It is not only without an equal, but has no rival in quality and quantity of reliable information published every week. Its circulation is already the largest of any paper published in the district, both locally and in other communities and states, and is growing rapidly. As an advertising medium THE MINER stands at the head of the list, as its columns demonstrate. Advertising, like everything else, is worth little or nothing if it costs little or nothing. THE MINER'S rates are reasonable.

The Job Department

is equipped with the best material known to the trade. Its presses are modern, its type is artistic, varied and up to date, and only the best workmen are employed

Mining Supplies

Location blanks, handsome lithographed stock certificates, corporation seals, stock records and journals, office stationery, all of the best workmanship, furnished on short notice. Exclusive agent for the world's standard

Hall-Marvin Safe
