SUMPTER OREGON.....

SURROUNDED by Ten Dividend Paying Mines with Stamp Mills. Many shipping mines are now being developed and will soon be dividend payers, while hundreds of promising prospects are in progress of development. Enterprise with capital will find this a profitable and safe field for investment.

SUMPTER has blocks of paved streets; gravity water system, reservoir capacity 1,000,000 gallons, fed by pure mountain streams; first-class and well equipped fire department; electric light plant, streets lighted by twenty arc lamps; good city government, good public schools, lodges of nearly all the secret orders represented, healthy climate, and, different from many mining centers, it is a "CITY OF HOMES FOR THE ENTIRE SURROUNDING DISTRICT."

You can make no better investment than to purchase Sumpter Real Estate. Desirable business and residence property can be bought from \$15.00 per lot and upwards on reasonable terms, by addressing
