

MEN WITHOUT THE FIRE OF YOUTH

I HAVE spent thirty years in the careful study of Nervous debility and certain private weaknesses of men which result from youthful indiscretions and later excesses. As a result of such experience, I propose the following statement and stand ready to prove my claim to any one who will give me an opportunity of so doing. I say, as man to man, that by the properly advised use of galvanic electricity strength may be returned. A man of sixty should retain his full mental and physical vigor. I base these assertions upon what I have learned from the treatment of probably one hundred thousand cases. I am the inventor of the celebrated

**DOCTOR
SANDEN ELECTRIC
BELT**

**WITH
ATTACHMENT FOR
MEN**

My Electric Belt is the great home treatment for weak men. I consider this appliance the best known method of giving electricity, mainly because of its portable form, which enables the wearer to get at least seven hours of the life-giving current each day.

The Dr. Sanden Electric Belt

Is composed of eighteen double-element cells in forms of chains, fitting inside of an insulating cover, the whole weighing but five ounces. This rests comfortably around the waist at night, curing while the patient sleeps. The current, though instantly felt, is regulated to just the proper power by turning a little thumb-screw attachment. The effect of electricity upon the system is often marvelous. I have never known a weak man to use it who was not materially benefitted or entirely cured if common sense was exercised. It takes all the tired, weak feeling out of the small of the back and cheeks drains. My space here is too limited to go into details, but if the reader will call or write me I will be pleased to give further information.

FREE CONSULTATION AT MY OFFICE

Where the Belt may be seen in working order and current tested. It is really a pleasure to show an appliance such as I offer, and I am glad to give any advice that my caller may need. Remember, we are not here to force you into purchasing. We do not want you to buy until you are thoroughly satisfied. To those who live at a distance I shall be pleased to send my little descriptive pamphlet in plain sealed envelope. Write or call today.

DEPARTMENT 19
RUSSELL BUILDING

DR A. T. SANDEN, PORTLAND, ORE.

Respectfully submitted,
J. P. HOLLAND, prin.

Through the Yellowstone.

The new route via the Oregon Shore Line Railroad and Monida, Mont., enables you to make a delightful trip through the Yellowstone National Park, entering via Monida and coming out via Cinnabar, making it unnecessary to cover any portion of the route twice. For beautiful descriptive booklet, write or call at Oregon Short Line Ticket Office, 142 Third street, Portland, Oregon.
