

OFFICERS

JOHN J. PENHALE, - President
(Gen. Mgr. Bunker Hill Gold Mng. Co.)
SUMPTER, OREGON

ALBERT GEISER, - Vice-President
(President Citizens Bank)
BAKER CITY

EUGENE SPERRY, - Treasurer

R. C. PENTLAND, - Secretary

Grizzly Gold Mining Company

Capital \$500,000

In 1,000,000 shares of the
par value of Fifty Cents
Each. Treasury Stock
400,000 shares.

FULL PAID AND NON-ASSESSABLE

OPPORTUNITY

Treasury Stock at TEN CENTS Per Share

CASH BASIS—All Cash Purchasers Receive a Discount of Five Per Cent on the Investment.

INSTALLMENT BASIS—Purchasers May Secure Stock in Blocks of 1000 Shares and Upwards, Payable 10 Per Cent Down and 10 Per Cent Each Month Until Paid.

GRIZZLY STOCK

Affords an opportunity for profitable investment that cannot be equaled in the Sumpter District. The mine is now being actively operated and has reached a degree of development practically assuring the stability of the mine. The ledge, carrying high values in gold, copper and silver, is over 40 feet in width. Work is being rapidly pushed, tunnelling and sinking on the ledge, blocking out ore and adding to the pay dumps, and it may be expected that the mine will be a producer and the company a dividend payer at an early date. Every dollar realized by the company from the sale of treasury stock is being used for improving the property. The sale of stock will be continued until the mine is a producer. As development progresses the price of stock will be advanced.

Secure this stock now at 10 cents. That it will be worth its par value within 12 months is a conservative estimate. Subscriptions for stock may be sent to the company direct, or to the First Bank of Sumpter, Sumpter, Ore.

WILL BORE FOR OIL AND GAS.

Capitalists Leasing Land on McKay and Birch Creeks.

A little flutter of excitement in commercial, financial, farming and several other circles has been caused by the appearance in Pendleton of N. Whealdon, of The Dalles, and his leasing of lands on McKay and Birch creeks. He announced that he wanted to lease a section of country six miles square. Nearly or quite enough leases have already been secured. The leases are taken in the name of Parr, supposed to be, and so rumored, a capitalist from New York city. This leased land will be prospected for coal, iron, petroleum and natural gas. Wells will be bored and shafts sunk. One of the stipulations of the lease is that the lessee shall proceed within a reasonable time to sink shafts at least 500 feet deep. Another stipulation is that in case of coal being found and mined, the lessee shall pay to the lessor the sum of ten cents for each ton of coal mined, in addition to the sum paid for the original lease of the land.

For years it has been suspected that coal, at least, and perhaps iron and oil, are hidden beneath the lands of the McKay and Birch creek within ten miles to the south of Pendleton, then stretching away to the mountains 40 and 50 miles. As long as 12 or 15 years ago a coal prospect was found about 15 miles southwest of Ukiah, across the line in Morrow county. That section has also been watched, to see what would develop. Being so far from the railroad, and consequently shut off from market of any kind, the work of development was not pushed. The dawn of the era of activity is in sight.

In the fall of 1899 there was an oil excitement on McKay creek, within a few miles of Pendleton. A farmer dug a well a few feet deep close to the stream, struck water, and was surprised to discover that

scum formed upon the top thereof, so that it could not be used for drinking or the bath. It was an oil of some kind, but the samples brought to Pendleton were so plainly rectified petroleum, mixed with pulverized country rock and aqua pura, that the find did not create a stampede, as it was thought to be a hoax. This legitimate development work, however, is another thing altogether, and great hopes are entertained that something valuable will be found.—East Oregonian.

Sumpter Has a "Booster" Society.

The ladies of Sumpter have organized the "Booster" Aid society, similar to one formed in Chicago, the motto of which is: "If you cannot say any good of a man, keep still." The object of the society is to work for the free reading room, and for the discouragement of unkind criticism, and the encouragement and boosting of everything that is public spirited or praiseworthy. The first meeting was held at Mrs. J. J. Fisher's Wednesday afternoon, January 9. The charter members number seventeen. The membership fee is ten cents, no further dues being expected. Work will be commenced on aprons, both useful and ornamental, which will be placed on sale. Other sewing for any one will be undertaken, if desired. The next meeting will be held at Mrs. J. J. Fisher's, this afternoon. Every lady in Sumpter is invited to join in the movement and help along the good work.

Assessment Levied on Badger Stock.

The Badger Gold Mining company, the property of which is located near Susanville, and the principal place of business at San Francisco, levied its third assessment November 14; this time five cents a share. In the Grant County News of last week is published the delinquent sale notice, including 55,350 shares, on which the assessment amounts to \$2,767.50. That seem to be rubbing it in on the minority boys rather roughly.

Seventy-five Mile Horse Race.

It isn't often that people engage in 75-mile horse races, but Wallowa county furnished one last Sunday that was certainly quite interesting to the participants, at least. From the best information obtainable it is learned that Fred Makin and Len Emmons discovered almost simultaneously, a very desirable stock farm on Courtney creek, in the northern part of the county, that had not been taken. They came to Enterprise to file. Whereupon one of the parties, finding that his competitor had filed his application a few hours prior, secured a saddle horse and hit the grit for La Grande, in order to beat the application sent by mail. He had hardly started, however, until the party who had filed his application was appraised as to what had happened. It goes without saying that it was not many minutes until he was in hot pursuit of his competitor. Both left in the evening and rode all night, in order to win out and be first to appear before the land office Tuesday morning. The last man to leave the pole won out, and rescued the prize by having a relay of fresh horses at his command.—Enterprise Bulletin.

Notice of Dissolution of Partnership.

Notice is hereby given that the partnership existing between Ed Turk and Minot Austin, under the style of Austin Meat company, was dissolved on October 29, 1900, and said Minot Austin has assumed sole control of said business.
MINOT AUSTIN.
Sumpter, December 15, 1900.

Private Table Board.

I will furnish private board to a few desiring such, at my residence on North street, near Center. Mrs. C. E. Duckworth.

The large and commodious club rooms of Dunphy & Gertrude are headquarters for mining and commercial men.
