Through Utah and Colorado.

The ideal trip to the east during the heat of summer is via the Rio Grande Western and Denver & Rio Grande railroads, the far famed "Scenic Line of the World." The extremes of temperature are never met, and passengers are sure of having a delightfully cool ride through the heart of the Rocky mountains, and a view by daylight of scenery which is nowhere surpassed. If desired, a stop en route may be made at quaint and picturesque Salt Lake City, the "City of the Saints," Glenwood Springs, Leadville, Colorado Springs, Pueblo, Denver or any intermediate point. There are three daily trains leaving Salt Lake City for all points east, which have close con-

nection from the northwest, via either O. R. & N. or the Southern Pacific. These trains are equipped with through sleepers (standard or tourist,) free reclining chair cars, and a perfect dining car service. Personally conducted excursions, in charge of competent and courteous managers, are run several times a week without change of cars to Denver, Omaha, Kansas City, St. Louis, Chicago, Buffalo, New York, Boston, and all eastern cities. Tickets are on sale at all railroad ticket offices. For further information and cheapest rates, apply to J. D. MANSFIELD, General Agent, 124 Third Street, Portland, Oregon.

THE MINER is receiving daily, many new subscribers, who are taking advantage of the special offer, advertised elsewhere in this issue, to participate in the distribution of \$15,000. The offer is an honest, bona fide one, open to old and new subscribers. Read it on page 10 of THE MINER.
