## THE OVERLAND GOLD MINING CO.

**H**AS 100 acres of mineral land in a proven district, the Cable Cove, that has been thoroughly explored and the ore bodies determined on three main veins for a distance of 4000 feet, which eliminates the CHANCE feature of mining. The company needs \$6,000 more to place it in the list of producing mines and offers

100,000 Shares of Stock for \$6,000

The mine has been thoroughly examined by competent engineers who have reported that the above amount will be sufficient.

The California mine, adjoining the OVERLAND, has attained a depth of 1000 feet and the ore bodies exposed represent a value of over \$500,000. The values on the OVERLAND and the size of veins are equal to those on the California. Character of ore similar.

The company is organized under the laws of Oregon. Capitalized at \$1,000,000; One Million shares of a par value of One Dollar each; 500,000 shares of stock in the treasury for development purposes. All stock is fully paid and non-assessable.

The stock will be sold in blocks to suit purchasers at \$60 per thousand shares. Order through the First Bank of Sumpter or direct from
