Why Go East

Over the sun-burned sage brush and alkali plains when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky mountains in view of the grandest scenery on the American continent? This you can do by traveling on the Rio Grande system, the far famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver, en route to eastern points. Three daily express trains make close connections with all trains east and west and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions. For additional details address J. D. Mansfield, general agent Rio Grande lines, No. 124 Third street, Portland, Ore.

T. G. Harrison, agent for Giant powder company
 Leave your order for anything in the reading line with DeNeffe & Muszy.
