

and their professional training has been ample and thorough, being graduates of the Chicago College of Dentistry. Dr. Ogle was located in Portland and Idaho before coming here and Dr. Schultz practiced for some time in Indiana. Both are cordial, courteous gentlemen. They administer vitalized air and use the cataphoresis which completely deadens pain.

W. F. BURLINSON,
REAL ESTATE, MINER.

Mr. Burlinson is one of the energetic and thoroughly honest men who are a credit to the city and though not long in this line on his own account, he is coming to the front fast. Our realty and mining men are the backbone of this community for without them there would be no Sumpter and they always give freely of their time and money in making better known the great opportunities here for the capitalist. This gentleman has made a study of the mining and real estate business and he is one of the best informed men in eastern Oregon in these lines. He has lived in this part of the State six years and the man does not live who can say Mr. Burlinson ever wronged him out of a penny. He is well located and his success can be predicted with perfect safety. Interested in 3 valuable properties himself we expect that in a short while he will be numbered among our most prosperous mining men. Mr. Burlinson is a hard worker, affable to all and with unbounded faith in this part of the State.

H. S. BUCK & CO.
DRUGGISTS.

Major Buck, though not very long with us, is meeting with emphatic success and he is a welcome and important factor in the town. He is a conscientious, successful, high minded pharmacist and his success is already assured. All his drugs are absolutely pure and every prescription is carefully compounded and of the proper ingredients. He keeps a large stock likewise of patent medicines, toilet articles, etc., and displays them in an attractive manner. He runs his establishment on metropolitan lines, everything being of the best and his prices are always reasonable. Major Buck believes in the Golden Rule and he has won the confidence of the medical fraternity and the public generally by his honorable dealings and progressive ways. It is not an easy matter to succeed in the drug business these days, but Mr. Buck is well adapted for it and he is winning, we are glad to say. Mr. Buck puts heart and soul into his business and all customers may be sure of the utmost courtesy and excellent value. Mr. A. D. Closson, Major Buck's nephew, a bright, promising young man, recently arrived from Chicago, is now associated with him in business.

T. B. TAYLOR,
EUREKA FEED, LIVERY AND SALE STABLE.

The livery interests of our town are important features that should be touched on, and Mr. Taylor operates a first class establishment in every way. He does a large business, which is steadily growing, and its management would reflect credit on anyone. It is one of our most trustworthy concerns and its reputation has ever been gilt edged. He has a splendid line of carriages, rigs, hacks, etc., his horses are a fine lot and the place is kept strictly up to date. The employees are well trained and obliging, in fact, no one can work for Mr. Taylor unless he is sober and honest. He commands an excellent trade and he gives satisfaction every time. Vehicles and harness are properly cleaned before leaving the stable and the barn is well equipped in every way, nothing being lacking that the first class livery should have. Mr. Taylor has lived in the valley twenty-five years and his career is without a single blot. He is an active,

keen gentleman of strict integrity and business capacity. Mr. Taylor owns a fine ranch of 400 acres.

S. J. HICKOK,
UNION ASSAY OFFICE.

The assay offices of the state of Oregon will compare favorably with any others in the west and our assayers are a well trained, conscientious, progressive class of people. Sumpter is destined to be a vast mining centre for the mineral belt tributary to this city which has been barely scratched. Our assayers may therefore safely count on a large increase of business. This is a very successful office and its assays are noted for their accuracy and trustworthiness. Work is done in a competent, rigidly honorable manner and patronage is always heavy. The establishment is fitted up with every requirement of a high class, flourishing assay plant and its reputation is not confined to this district, by any means. Assays are made from many noted mines and they "go" in every part of the country. Charges are very moderate and all kinds of assaying and chemical work are done.

DR. J. H. DAVIS,
DENTIST.

Dr. Davis is a dentist whose professional standing and high personal character command cordial endorsement from us. His work is of a superior character and his large practice speaks in his favor more eloquently than any words of ours could do. His office is modern in every respect, instruments, etc., being the best that money can buy and his patients receive from him the very best dental service. He has been practicing eight years and he is a graduate of the Portland Dental College therefore he is particularly well equipped. Dentistry is advancing by leaps and bounds these days but Dr. Davis keeps abreast of it and he is familiar with all the up to date, approved, processes in his work. He is highly esteemed here both as a professional man and live, go ahead, citizen. No worthy, dignified, movement for the benefit of this section ever appeals to this gentleman in vain.

K. every day in the year.

H. B. HALL,

THE RIMBOL RESTAURANT.

Mr. Hall is a restaurant man that understands his line like a book and he is moreover a person who can be implicitly trusted every day in the year. It takes a more than ordinarily bright man to win in his line but he is succeeding and on his merits we are glad to say. He serves only well cooked, tasty food, the service is excellent and every one is made to feel at home. Neatness and cleanliness characterize it and there is no better meal for the money served anywhere. The restaurant has always borne a good name, and Mr. Hall is increasing the large business already built up. He also operates a lodging house

containing twenty rooms but he is enlarging and renovating it so that twenty more will be added to it and there is no doubt that the investment will pay handsomely. No other camp in the west has better prospects than ours and Mr. Hall may be sure that he is on the right track. He is O. K., and as honest a man as there is in the state of Oregon.

MRS. W. S. CHIPP,
MILLNERY.

This is a millinery establishment that commands very favorable notice from us as our ladies patronize her very freely and we might add very wisely too. She keeps only those hats and bonnets that she knows will please and she has built up a large trade. She is painstaking and accommodating in dealing with her patrons and her taste and skill are appreciated by our people. We do not think that Mrs. Chipp is surpassed by any milliner in eastern Oregon in knowledge of her profession or trustworthiness. She is a thoroughly experienced and competent person and has done exceedingly well since she has been with us. New styles are found here just as soon as they come on the market and Mrs. Chipp is highly esteemed here as a lady of refinement, honorable dealing, and mercantile capacity.

Her place is well fitted up and there is nothing lacking the up-to-date gallery should have. All materials used are first class and pains are taken with every sitter. In fact, the reputation of the gallery is excellent. Photography is an art and profession and only a highly intelligent person can succeed in it, but this lady has made her mark and her work is faultless. Her mountings are of the latest and best style and prices ever very reasonable. Now is the time for Christmas orders to be filled and Mrs. Wallick turns them out very quickly.
