Contract for Tunnel on E & E.

Supt. T. W. Wyatt, of the E. & E. mine, has let the contract for running a 250 foot crosscut tunnel to L. R. Rusk & Geo. Baird. Work was taken up Wednesday and will be pushed rapidly. This is a little preliminary work to determine the condition of some of the workings and to drain the water from some of the levels preparatory to starting the mine in force in the spring.—Bourne News.

The Mormon Temple.

The Mormon temple at Salt Lake City is no doubt the most substantial and well constructed religious edifice in the United States, if not in the world. Corner stone laid April 6, 1853, cap stone April 6, 1892 and dedicated April 6, 1893 over forty years of constant labor being consumed in its construction. This magnificent structure 200 feet long, 100 feet wide is built entirely of Utah white granite, beautifully carved, symbolic of the Mormon faith, surmounted by six towers, the highest being 230 feet from the ground, supporting a bronze statue of the angel Moroni. The cost of this building is about \$6,000,000. There are many other attractions at Salt Lake City of interest to the traveler or tourist where a day can be well spent. The Rio Grande is the only Trans-continental route passing directly through Salt Lake City, where a stopover is allowed on all classes of tickets. The service of the Rio Grandelines is unexcelled. Three trains daily between Ogden and Denver, carrying all classes of modern equipment. If you are contemplating a trip to the east, write the undersigned for information regarding rates via the "scenic line of the world." W. C. McBride, General Agent, M. J. THOMAS F. KANE DISAPPEARED.

Well Known Oregon Newspaper Man Can Not be Found.

Thomas F. Kane, a well known coast newspaper writer is missing. The last heard of him was at Lewiston, Idaho, on December 31. Mr. Kane was in that city on business for the Pacific Miner, of Portland. It appears he had put in the entire night writing in his room at a hotel. At 6:30 o'clock in the morning Mr. Kane told the clerk he was through with his work and would retire. From that time on nothing has been heard of him. His accounts were all straight with the parties by whom he was employed, and he had quite a sum of money on his person. Mr. Kane should be well known to all Oregonians who have resided in the state for any length of time. Some years ago he published a magazine in Portland entitled Kane's Illustrated West. After abandoning that venture he traveled for a time for the Oregonian, then removed to Seattle, where he was identified with one or more papers. For some time past he has been representing the Pacific Miner on the road, and was in Sumpter about one month ago. Those who know the missing man well do not credit any suicide theory, but fear he is the victim of foul play.
