### MILL FOR THE COLDEN WIZZARD

#### Machinery to Be Installed This Summer.

The Golden Wizard company is getting bids on the mill which is to be installed on the property some time this summer. Messrs. Clark and Frary, of Michigan, among the leading stockholders, who were here last week, stopped in Salt Lake City on their way home, to make arrangements for purchasing the necessary machinery. Superintendent J. M. McPhee, has just received a letter from a Salt Lake firm asking certain data in regard to specifications etc. The information was forwarded yesterday. It is proposed to put in a plant of at least 100 tons capacity, and it is stated that it will more than likely be from 200 to 300 tons, but whether it will be stamps or rolls has not yet been definitely decided upon.

From average samples from fifteen sacks of ore, assayed by Robbins & Robbins, of this city, values of about \$15 were shown. The company's own metallurgist at Concord, New Hampshire, made averages from the same sacks, getting practically the same values. Messrs. Clark and Frary, however, when they left took check samples from Robbins & Robbins of the same ore and had them assayed in Salt Lake. They showed a value of \$41. Superintendent McPhee thinks the Salt Lake man has made some mistake and that the other assays are practically correct.

#### KNIGHTS SURPRISED.

#### Ladies Bring Dainty Refreshments to Lodge Room—Toasts and Dancing.

At the K. of P. meeting last Friday evening, while Candidate Schultz was busy with the goat, a party of thirty ladies, the wives of the members, surprised the lodge by breaking in laden with all kinds of dainty refreshments. The goat was hastily stabbed, the candidate breathed easier, and the members and visitors fell to. Mrs. R. H. Miller acted as toast-mistress, and the following toasts were responded to:

"Surprises," Dr. Grant, chancellor commander; "My Experience in Goatmanship," Dr. Schultz; "The Visiting Ladies," Mrs. N. J. Sorensen; "Which is it Better to Have or to Was, or Why Am I Single," J. H. Shelton; "To Our Wives and Sweethearts, May They Ever Remain Apart," Seymour H. Bell; "Three Ladies," Captain Otto Herlocker; "A Spontaneous Outburst," W. D. B. Dodson. After the spread was disposed of, dancing prevailed, the curtain going down with the Old Virginia reel, and cake walk variations on the side.

### YOUNG WOMAN SHOOTS HERSELF

Love Affair Supposed to be the Cause of  
Rash Act.

Miss Zerelda McVicker, formerly employed in the telephone office, committed suicide Monday afternoon about 4 o'clock, at the family residence on Mill street, by shooting herself in the breast with a twenty-two rifle. A letter written the day of the shooting seems to indicate that the rash act was committed on account of an affair of love.

A coroner's jury empaneled yesterday morning brought in the verdict that the young woman came to her death from a gunshot wound, self-inflicted with suicidal intent. She was buried from the family residence this afternoon. Miss McVicker was about 21 years old and well respected in the community.
