

# HIGHLAND RECEIVES HIGHEST ENDORSEMENT

---

---

Beaver Dam, Wis., August 22, 1903.

NEIL J. SORENSEN & CO.

Sumpter, Oregon.

Gentlemen:--

I HAVE JUST COMPLETED a personal examination of the Highland Mine, owned by the Highland Gold Mines Company, situated in the Sumpter District of Oregon, and I HAVE FOUND EVERYTHING in relation to the mine exactly as represented. I FOUND ONE CONTINUOUS VEIN extending through the Eldorado, Glasco and Bannock Burn claims. THIS VEIN HAS BEEN THOROUGHLY DEVELOPED upon the surface by tunnels and open cuts. I FOUND IMMENSE BODIES OF ORE in the Glasco drift of good milling grade. I FOUND AN ABUNDANCE of timber for all mining purposes for years to come, and plenty of water for all domestic and power purposes. I AM WELL SATISFIED with my investment in the Highland Mine, and heartily recommend the same to any one as a safe and conservative investment.

J. B. SCHERUBEL.
