The Separator Question

IF YOU were going to buy a separator, wouldnt you want to get the best for your money? It would be justice to you, your wife and family to do this. A post card, costing you one cent, will give you a chance to read up about the Empire, to study its construction, cost, appearance, etc. You should do this before purchasing. We claim lightest running, close skimming, easily cleaned, simplicity, and durability. If you read our catalogue, or see our machine and cannot agree with us, very well, you have learned something and done us no injury. May we at least send you a catalogue.
