MARKS PRAIRIE.
August 30.

The social dance at Ritters' hop house Saturday evening was alright and all had a good time. John Kopper is having the house on the Sam Mark place remodeled, and it is a big improvement to the place.

We are sorry to see our neighborhood all torn up on account of a few gossips who have made "a mountain out of a mole hill" about a stray hat pin. Better drop this matter, friends, and let this matter blow over. The sooner the better for all the parties concerned.

Miss McCormick of Woodburn is visiting her aunt, Mrs. Jack Kess of our prairie.

Percy Ritter will teach the Butteville school this winter and Ray Fish will teach the Needy school.

We learn that Mr. Ab Cole will soon put up a fine residence on his farm here.

So The People May Know

In justice ourselves, and by way of explanation to some of our customers who are waiting for their hop tickets, we desire to say that every man would have had his tickets before this if the paper house in Portland and the railroad company had as much energy as a corpse. At 9 o'clock last Monday morning we gave an order for stock to print tickets on, with the promise that we would receive it by the first train. Two days later we received a letter from the paper house stating that they had been unable to get a dray from any of the transfer companies to get their orders to the depot. Finally they got it down to the depot and the train was overloaded already. During all this time they are telling us the stock will be here on next train. Our type and presses have been waiting while we have

been cussing, and our patrons have been waiting. In the meantime the railroad company and the paper house merchants move around and talk like they had a century to do a days work in. We could go to Portland with a wheelbarrow and get the stuff up here long ago. We will have all hop ticket orders ready by Saturday afternoon. Those who have had their products rot before being able to get them to market, can appreciate our situation.

When it comes to sloth and incompetency, some of the Portland business houses certainly take the cake.

"NO WONDER HE LAUGHS"

Every man with a fat bank account can afford to laugh. Also to take a "smile" once in a while. He who saves first can spend afterwards, but he can't do much spending first and expect to save after it. Put your money in the bank NOW, where it will be drawing interest so that you can spend later on. We will be glad to have your account, and talk to you about the interest that it will earn for you while in our care.

The Separator Question

IF YOU were going to buy a separator, wouldnt you want to get the best for your money? It would be justice to you, your wife and family to do this. A post card, costing you one cent, will give you a chance to read up about the Empire, to study its construction, cost, appearance, etc. You should do this before purchasing. We claim lightest running, close skimming, easily cleaned, simplicity, and durability. If you read our catalogue, or see our machine and cannot agree with us, very well, you have learned something and done us no injury. May we at least send you a catalogue.
