Night Sweats & Cough.

E. W. Walton, Condr. S. P. Ry., 717 Van Ness St., San Antonio, Tex., writes: "During the summer and fall of 1902, my annoyance from catarth reached that stage where it was actual misery and developed alarming symp-toms, such as a very deep-seated cough, night sweats, and pains in the head and chest. I experimented with several so-called remedies before I finally decided to take a thorough course of Peruna. "Twoof my friends had gone so far as

to inform me that the thing for me to do was to resign my position and seek a higher, more congenial climate. Every-one thought I had consumption and I

was not expected to live very long. "Having procured some Peruna, I de-cided to give it a thorough test and sp-plied myself assiduously to the task of taking it, as per instructions, in the

"The effects were soon apparent, all siarming symptoms disappeared and my general health became fully as good as it had ever been in my life. "I have resorted to the use of Peruna on two or three occasions since that time to cure myself of bad cold.."

Illiteracy in the United States. A study of the United States report on Illiteracy reveals some interesting frems. Iowa heads the fist with only 23 illiterates to each thousand popula-tion, Louisiana at the other end of the list with 385 to each thousand. No State with compulsory education has more than 84 liliterates to the thousand. The eighteen States without compulsory education laws have from 111 to 385 illiterates to each thous ad population.

CRESCENT

EGG-PHOSPHATE **BAKING POWDER**

A 80

It may seem strange that there was a period in English history when ju-venile smoking was enforced officially, but it is nevertheless true. The diarist Hearne, in writing of the Plague of London, says: "Even children were obliged to smoak. And I remember that I heard formerly Tom Rogers, who was yeoman beadle, say that when he was school boy at Eton that year when the plague raged all the boys of that achool were obliged to smoak in the school every morning, and that he was never whipped so much in his life as he was one morning for not smoak-

STEAMER AEON LOST ON REEF

Ship's Company Land Safely on Isolated Coral Island.

Supply of Food and Water is Saved From Wreck - Captain Removes Small Engine From Cargo, Fis Up Boat and Reaches Fanning **Island With News.**

Victoria, B. C., Sept. 19 .- Cabled advices from Fanning island state that the steamer Acon, which left San Francisco July 6 for Aucland, via Apia, and was considerably overdue, was carried on Christmas island by the strong currents setting on shore. and became a total wreck. The ship's company, 50 in all, took to the boats

company, 50 in all, took to the boats and landed at a small settlement fac-ing the lagoon, all safe. There are four women and two chil-dren, mostly wives of officers of the United States battleship squadron, who took passage to join their hus-bands in Australia, including Mrs. Pat-rick, wife of Chaplain Patrick, and family. All are camping on Christ-mas island awaiting rescue. The Acon is fast on the coral island

mas island awaiting rescue. The Aeon is fast on the coral island, partially full of water and wrecked beyond all hope of salvage, but the 500 bags of mail aboard were likely to be recovered. The cargo included salmon and 2,000,000 feet of redwood salmon and 2,000,000 feet of redwood and some gasoline engines. One of these was fitted in a ship's boat to take Captain Downie, the second of-

take Captain Downie, the second of-ficer and two engin.ers to Fanning island, lying 14 miles northwest, to cable news of the disaster. Some of the salmon and general merchandise was recovered and taken ashore with the ship's boats, and a stock of water secured, the supply on Christmas island being poor. Cap-tain Downie had a difficult time reaching Fanning island. The engine fitted in the ship's boat refused to fitted in the ship's boat refused to work, and the boat was rowed back to Christmas island, where it was refitted

After a long trip he reached Fan-ning island this morning. The crew was treated kindly by the staff of the Fanning island cable station. The steamer Manuka, of the Canadian-Australian line, fortunately is making a call at Fanning island to land sup-plies on her present voyage, and is due Tuesday next. It is expected she will make a call at Christmas island and take off the survivors of the Aeon, who will be landed in Sydney by the Manuka. Manuka.

Manuka. Meanwhile the survivors have plenty of food and water, and there is shelter for the women in the houses of a working camp of some pearl fish-ermen employed by a British comany

From the day the Aeon left San From the day the Aeon left San Francisco nothing had been heard of her until the dispatch telling of the safety of the passengers on Christmas island. This island, is located near the equator, about 1000 miles south of Honolulu, and 3000 miles southwest of San Francisco. It is nearly 1000 miles northeast of Apia, and it is supposed that the vessel was disabled in her northeast of Apia, and it is supposed that the vessel was disabled in her machinery and drifted or in some other manner managed to make the island in safety. Fanning island is just south of Christmas island, and both are British possessions. Christmas island has only a few in-habitants, is off the track of even wind-immers, and is one of the

wind-jammers, and is one world's most isolated spots. of the

Wrights Will Not Give Up.

Dayton, O., Sept. 18.—When asked if the accident yesterday would deter either Orville or his brother, now in France, from further flights, Lorin France, from f Wright replied:

are as nearly perfect as it is possible to make them, if they are not killed in the meantime, and we have never felt much apprehension, knowing that both boys are cautious in the ex-treme." treme

AEROPLANE IS WRECKED.

Orville Wright Injured and His Passenger Killed. Washington, Sept. 18-After hav

ing drawn the attention of the world to his aeroplane flights at Fort Meyer and having established new world's records for heavier-than-air flying machines, Orville Wright yesterday met with a tragical mishap while making a two-man flight. The aeroplanist was accompanied by Lieutenant Thos. E. Selfridge, of the Signal Corps of the army. Lieutenant Selfridge was fatally injured and died at \$:10 o'clock last night. Mr. Wright was seriously injured, but is expected to recover. While the machine was encircling the drill grounds, a propeller blade

snapped off, and, hitting some other

part of the intricate mechanism aused it to overturn in the air and fall to the ground, enveloping the two occupants in the debris. Soldiers and pectato,s ran across the field to

"Oh, hurry and lift the motor." Lieutenant Selfridge was uncon-scious. His head was covered with blood and he was choking when the soldiers extricated him from under the nachine

Dr. Watters, a New York physician was one of the first to reach the spo and rendered first aid to the injure-men. When their wounds had bee-bandaged, Mr. Wright and Lieutenan bandaged, Mr. Wright and Lieutenan Selfridge were taken to the Fort Myc. hospital at the other end of the field Mr. Wright lapsed into a state of sem-consciousness by the time he reached the hospital, but Lieutenan Selfridge did not regain consciousness at all. He was suffering from a frac-ture at the base of the skull, and was in a critical condition. After a hurried surgical examination

After a hurried surgical examination it was announced that Mr. Wright was not dangerously injured. He is suffering from a fracture of his left thigh and several ribs on the right side are fractured. Both men received deep cuts about the head. Mr. Wright regained consciousness at the hospital and dictated a cablegram to bis and dictated a cablegram to his brother at Le Mans, France, and re-quested that the same message be semi to his sister and father at Dayton, O assuring them that he was all right Charles White, of White & Middle on Baltimore a mechanical excess Charles White, of White & Middle ton, Baltimore, a mechanical expert, gave this description of the accident to Mesars. Wright and Selfridge: "The aeroplane was performing beautifully for s.x or seven minutes, when suddenly one of the propellers broke near the end. This caused the machine to become so thereomethy one machine to become so thoroughly ou machine to become so thoroughly out of balance through centrifugal force as to make it unmanageable, and it made a dart to the ground while still under operation of the right propeller, causing it to strike the ground with a great deal more force than it would have done by gravity. "I do not feel that this is any seri-ous detect in the machinery buy

Wright and Selfridge were not thrown out. The accident was due entirely to the defective propeller."

French Editors Worried.

Paris, Sept. 18 .- The French press s displaying much irritation over viois displaying much irritation over vio-lent criticism of the Franco-Spanish note regarding Morocco that are ap-pearing in the newspapers of Ger-many; but the government is content with the assurances received yester-day from Herr Stemrich, acting for-cign secretary for Germany, that the note would be studied in an amicable spirit. If this is done the forcing of France, from further flights, Lorin Wright replied: "Decidedly no. My brothers will pursue these tests until the machines are as nearly perfect as it is possible

S.S.S. BEST TREATMENT FOR CATARRH

The entire inner portion of our bodies is covered with a soft, delicate lining called mucous membrane; this is kept in healthy condition by the nourishment and vital vigor it receives from the blood. So long as the nourishment and vital vigor it receives from the blood. So long as the circulation remains pure this membrane will be healthy, but when the blood becomes infected with catarhal impurities and poisons this inter lining of the body becomes irritated and diseased, and the unpleasant and serious symptoms of Catarh commence. There is a tight, stuffy feeling in the nose, watery eyes, buzzing noises in the ears, often slight deafness, difficult breathing, etc. The disease cannot be reached by external treatment, though each measures afford temporary relief in some instances. S. S. S. breathing, etc. The insease characteristic in some instances. S. S. S. cures such measures afford temporary relief in some instances. S. S. S. cures Catarrh by cleansing the blood of all impurities and poisons. Then as rich, pure blood circulates through the body, the inflamed, irritated membranes heal, the discharge ceases, headaches are relieved and every symptom disap-heal, the discharge ceases, headaches are relieved and every symptom disapbeing a disease in which the entire blood circulation is Catarrh, pears. affected, can only be cured by a remedy that goes to the very bottom and removes every particle of the impurity from the blood, and this is just what S. S. S does. Book on Catarrh and any medical advice free to all who THE SWIFT SPECIFIC CO., ATLANTA, GA. write.

Australian Cadets

All children in Australia are drilled, but the elder boys are attached to the Australian military forces by means of where the aeroplane had fallen and the endet corps. Almost every large assisted in lifting Mr. Wright and school has its band of cadets, who Lieutenant Selfridge from under the wear neat khaki uniforms and are

A Boy on Clergymen. Bishop Potter, at an ecclesiastical dinner in New York, read a Cooperstown school boy's essay on Clergymen. The essay, which created much amuse ment, was as follows:

"There are 3 kinds of clergymen bish the recters to work and the curats have to do it. A curate is a thin married man but when he is a recter he gets fuller and can preach longer sermons and becums a good man."

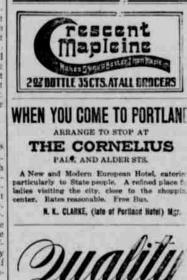

How It Happened.

"True, the night was dark, but he appeared to jump deliberately in front the automobile."

"Force of habit. The poor fellow was an actor and naturally dived for the spot light."-Kansas City Journal.

Relie of the Past. "So, woman, you treasure another man's photograph?"

"Don't be foolish, Henry, This is a portrait of yourself when you had nair."-Louisville Courier-Journal.

A house painter in a New Hampshire village was proceeding down "the main street" one day when he was accosted by a fellow-townsman.

Literal.

"Hello, Tom !" called the latter. "Why, I thought you were working on old Spinner's house to-day."

"I was about to commence the job," sold the painter, "when the old man picked a quarrel with me. He said he'd put the paint on himself."

"Do you think he'll do it?"

"Well," said the painter, with a smile, "when I passed just now that is where he had put a great deal of it."

Never Met Une Before.

The butler, tired of having nothing to do, had gone out to the stables to commune with the coachman, and was nosing around in his usual dignified way, "My word!" he exclaimed, looking with

some curiosity at an implement he had just picked up. "That's the biggest safety razor I ever saw. How do you put the blades in it, Jawge?" "Safety razor !" howled the conchman,

"You bloomin' idjit, that's a currycomb !"

2

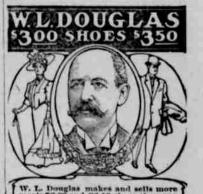

The General Demand

of the Well-Informed of the World has ups rectors and curats, the bishups tell always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are

known to them to be wholesome and truly beneficial is effect, acceptable to the system and gontle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the Callfornia Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkchie IUCCESS.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine-manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle-

ous defect in the machinery, but merely want of better construction is 005 the propellers. Therefore, I do not feel that the machine should be con-demned beyond this point. I should imagine that, when the machine made the dart for the ground, it the rate of 20 miles an hour.

A modern leavener at a moderate prices is 30 per cent. more efficient than "Trust" or Creamof-Tartar products and absolutely free from the health-racking Rochelle Salts residue invariably companying their use.
