Explained at Last.

"The late Dr. Morgan Dix," said a clergyman of New York, "had a droll way of lightning grave subjects with little humorous asides. Once I heard him addressing a graduating class at a medical school. He began in this way: 'Physiologists tell us, gentlemen, that the older a man grows the smaller his brain becomes. This explains why the old man knows nothing and the young one everything.'"

Cigarette Smoking on the Increase.

Consumption of cigarettes increased largely in the United States during the last fiscal year ended June 30, 1908, according to the preliminary annual statement of internal revenue receipts. Tobacco revenues generally fell off, the public smoking fewer cigars than the preceding year, taking less snuff and chewing less. But more cigarettes of all kinds were used.
Less spirits were used than in 1907, the heaviest falling off being in the spirits distilled from grain, the revenue on which declined over \$15,000,000. This would indicate large decline in whiskey consumption. The beer business, however, continued to grow in spite of the depression.
The total decrease in internal revenue, as compared with the preceding fiscal year, was \$17,968,072.

PIRATES LOOT GERMAN SHIP

Chilean Bandits Board Vessel Almost Under Guns of Warship.

Crew Attacked With Knives and Overpowered—Vessel is Sacked From Stern to Stern and Loot Carried Away on Lighters—Outlaws Escape Into Hills.

San Francisco, Oct. 24.—The British steamship Strathford, which has arrived here from Chile, reports a successful raid by Chilean coast pirates on the German steamship Serato in the harbor of Antofagasta on the night of September 28. The cutting out expedition was done almost under the guns of a Chilean gunboat. Pursuit was given, but the bandits took to the hills back of Antofagasta and escaped.

The German merchantman was anchored in the harbor loaded to the hatches with a cargo and prepared for sailing on the following morning. Out of the darkness two dozen pirates leaped on the vessel's decks, and in a twinkling the watch was bound and gagged. The noise of the struggle awoke the captain, who grasped his revolver and rushed on deck. The pirates crept into the shadow as the captain approached. He was struck from behind with a belaying pin and fell unconscious.

By this time the crew was awakened and as they appeared on deck the pirates attacked them. A pitched battle with knives followed, in which several of the crew were badly injured and the remainder bound and gagged.

The Chileans then sacked the vessel from stern to stern, loading their loot on lighters they had brought with them.

Early next day a Chilean gunboat entered the harbor and the plight of the Serato was discovered. A large party was sent in pursuit of the pirates, who had several hours' start and found safety in the hills.

REVEALS SHARP PRACTICE.

Scheme to Make Uncle Sam Defend Cabrera's Stealings.

San Francisco, Oct. 24.—United States immigration inspectors who have been investigating naturalization frauds in this city are said to have forwarded a report to Washington revealing the fact that Diego Estrada Cabrera, son of the Guatemalan president, is a naturalized citizen of the United States.
The report further reveals that young Cabrera took this step at the instance of his father. It is alleged that the president of Guatemala took this means of safeguarding his property in the southern republic under the American citizenship of his son. After young Cabrera became a citizen his father began the transfer of large property holdings both in this country and Guatemala to him. The transfers still continue and the United States is unable to prevent the action and in the event of war in Guatemala could be called upon to protect young Cabrera's holdings, say the officials.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free to all who write. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**
