Over a million men have been put to work since the election.

Oregon will be the first state to install its exhibits at the Alaska-Yukon-Pacific Exposition.

Japan has decided not to allow native workmen to immigrate to America. Japan is a very wise nation.

The Oregon Journal discovered that immediately following Taft's election a section crew was laid off.

There are a number of good men in Oregon who would like to be governor. We don't blame Col. Hofer.

During the last few days that the colonist rates were effective, more than twelve hundred people came to Oregon on one-way tickets to make this state their permanent home.

Cameras will be admitted to the grounds of the Alaska-Yukon-Pacific exposition. The size limit has been fixed at 4x5 or 3 1/2-4x5 1/2. Permits must be secured from the manager of concessions, but no cost will be attached.

Governor Cosgrove of Washington, is reported seriously ill and if he should die before he is inaugurated, Gov. Mead would be entitled to serve another term. The discussion of the subject is causing some acrimony in Washington political circles.

Goldendale, Washington, has given all the communities of the Pacific coast a record in raising money for advertising purposes, by giving \$2.00 for every man, woman and child within the city limits, or a total of \$3500.00, and this came in at the rate of \$125 a minute.

The Borealis will have an extraordinary attractive subscription proposition to offer its patrons the first of the year. All who took advantage of our great magazine premium offer this year can imagine what a treat in the way of literature we have in store for them.

Prosperity has been rife in all parts of Oregon, and all that election had to do with it one way or the other was to give some men an excuse to wait. Now that even that is useless people are closing great contracts, and building activity will be more marked than at any time in the history of the state.

Two of the greatest displays of apples ever made in the Pacific Northwest are attractions for early in December. One will commence at Portland December 1st and continues for three days, when Spokane will take the center of the stage in this same character of entertainment from December 7 to 12.

Crowds have been meeting the farming demonstration train at every station. Through the cooperation of the Oregon Agricultural college and railroad interests which have made this possible, lots of good is being done towards the encouragement of diversified and intelligent farming.

We noticed in a "Portland Journal" of recent date where Canby shipped 1700 pounds of pork and 4500 pounds of cream in one day. We can't help but admire the enterprising citizens of that burg when we see towns East, West, South and North of her within a radius of two or three miles.

Estacada may be doing better than that but if she isn't she should be for she has by far a better location:—Dodge Cor. Estacada Progress.

Col. Henry Watterson, the brilliant editor of the Louisville Courier-Journal, having failed to secure the election of Mr. Bryan, comes out with a pessimistic moan anent the commercialism of the country. He says we are money mad, that commercialism dominates the age and that we are departing from the faith of our fathers. He deprecates the fact that we would rather make money than to sit at the feet of Ammonius or drink from the Pierian fount. He sees the young men and young women of today losing all passion for knowledge and the arts. Col. Watterson forgets that this is an age of progress; that sentiment is a good thing, but it will not pay a grocery bill or satisfy the rent collector. Mr. Watterson cannot hope to compare men and women of today with those of half a century ago, when the telegraph, telephone, railway and all the great accessories of modern civilization were without the pale of utility. The world is better today than it was in Col. Watterson's time, and we are not given to killing our political opponents or burning and pillaging the property of our neighbors because they do not agree with us.

FORTUNES OF THE WORLD ARE FOUNDED ON OIL

Joe Chanslor, now several times a millionaire, was not so long ago, a clerk in Los Angeles. He borrowed some money for the purpose of operating in California oil; the result was that it made him one of the richest men in the state. John A. Bunting, formerly a brakeman for the Southern Pacific, through the investment of \$170.00 in California oil land became a millionaire. We could tell you of innumerable others. Why were Bunting, Chanslor, and many others, who made their money through investments in oil, successful? Because they were shrewd, levelheaded, observing men possessing unbounded confidence in the great future of the California oil fields and the oil industry. The demand for oil is increasing daily. The consumption far exceeds the output. Several oil companies paid substantial dividends when oil was selling at fifteen cents a barrel. Oil is now selling at SIXTY CENTS PER BARREL at the well. The total dividends for the year 1908, from all the oil companies doing business in California, not including the Standard, will probably reach the \$6,000,000 mark, and reach the \$10,000,000 for the year 1909. Therefore the natural conclusion to arrive at, is, INVEST IN OIL SECURITIES, INVEST AT ONCE. We are offering for sale a limited number of shares on what we consider to be one of the best Companies operating in Kern Co., in fact, in California. We refer to the stock of the KERN ASSOCIATED OIL COMPANY. The stock of the KERN ASSOCIATED OIL COMPANY is the best oil proposition ever offered the investment public. The company owns free of incumbrance FORTY ACRES IN THE VERY HEART OF THE KERN RIVER OIL DISTRICT, and situated on the Southern Pacific Railroad. It adjoins the San Joaquin Oil & Development Co's property which was recently merged with the Associated Oil Co., WHOSE STOCK IS NOW SELLING AT \$31.75 PER SHARE. It also adjoins the justly famous Discovery well where oil was first discovered in the Kern River oil district. THE KERN ASSOCIATED OIL COMPANY has two wells on its property. Well No. 1 IS IN OIL and gives about sixty-five barrels of oil per day. With a greater depth and a more approved pump the production will be greatly increased. The company desires to sink four more wells and to install modern compressed air pumps. We believe that well No. 2, will, with greater depth, produce a larger and inexhaustible oil supply as are the other wells on adjoining properties. We are offering a limited number of shares in this Company at twenty cents per share. Do you realize what that means? It means that in purchasing this stock you become interested in a company that can produce the oil. It is not a case of "They may," "They should," but "THEY ARE."

Let us again impress upon you these highly important facts: The property is a producer, is entirely surrounded by reliable producing properties, that there is sufficient acreage (forty acres) to justify the drilling of forty more wells all of which would be in the very core of the richest oil producing districts in the world. Remember that Kern Co. produces as much oil as any other three oil producing counties in California. Shipping facilities could not be better for the property adjoins the Southern Pacific tracks. The company has valuable assets in improvements: Two wells, derrick, tanks, tool and bunk houses, etc., etc.

Before accepting the fiscal agency of the Kern Associated Oil Company we thoroughly investigated every detail pertaining to the Company and its property. We did not take snap judgment, we never do, consequently want to assure you that the stock of this Company at twenty cents per share is the most unparalleled opportunity for the investor that ever came under our observation.

We sincerely believe that the Kern Associated Oil Co. is destined to pay dividends as surely and as regularly as are now being paid by the Associated Oil and other companies on adjoining properties and we see no reason why within twelve months the Kern Associated stock should not be quoted at many times its selling price.

You can invest any amount from twenty (20) dollars up to twenty thousand (20,000) dollars. We allow you five (5) per cent on cash subscriptions. You can purchase stock on the easy monthly plan if you so desire, one-fifth down and one-fifth per month. Send in your subscription at once. DON'T DELAY. THE STOCK OF THE KERN ASSOCIATED OIL CO. IS THE BEST BUY ON THE MARKET TODAY.
