Those Toothsome Apple Pies. The origin of the toothsome variety of pastry known technically and practically as apple pie has long been shrouded in mystery. That it has had a long, if not eventful history, is evidenced by the distinct recollection of men now approaching the period of the serene and yellow leaf of the apple pies "mother used to make," and which formed such a prominent place in the dinner pal menu at the midday recess of the old-fashioned district school.

# YANKEES WIPE OUT ST. MIHEL SALIENT

Thousands of Hun Prisoners Already Counted.

## ADVANCE IS STEADY

Victory Reduces Front From 40 to 20 Miles—Tanks and Airplanes Work Havoc With Fleeing Huns.

Washington, D. C.—The number of prisoners taken by the Americans in flattening out the St. Miheil salient now numbers 13,300, General Pershing reported in his communique for Saturday. No mention was made of the number of guns and other booty captured.

The enemy, General Pershing said, is retiring before the steady advance of the Americans, and is destroying large quantities of materials as he goes.

The text of the statement follows: "Headquarters American expeditionary forces.

"Section A—In the St. Miheil sector we have achieved further success. The junction of our troops advancing from the south of the sector with those advancing from the west has given us possession of the whole salient to points 12 miles northeast of St. Miheil and has resulted in the capture of many prisoners.

"Forced back by our steady advance the enemy is retiring and is destroying large quantities of material as he goes. The number of prisoners counted has risen to 13,300. Our line now includes Herbeville, Thillet, Hattenville, St. Benot-Xammes-Jaulny-Thiacourt and Vieville."

"With the American Army in Lorraine.—The St. Miheil salient has been wiped out and the enemy forces are now virtually with their back on the famous Wotan-Hindenburg line with the Americans and French paralleling them closely from Verdun to the Moselle.

The German resistance is stubborn, but prisoners continue streaming to the rear. Twelve thousand prisoners have been counted by the Americans.

The railway from Verdun to Commercy, Toul and Nancy now is open to the entente allies.

All the villages in the St. Miheil salient were captured by the Americans and the front in this sector was reduced from some 40 miles to a little under 20 miles.

With the American Army in France.—Prisoners continue to arrive in the back areas from the front. One corps headquarters was choked with Germans Friday morning, the prisoners including a major of the 419th regiment, who had been captured with his entire staff. His cheeks were still wet with tears, shed over his capture.

Enemy ammunition dumps are known to have been blown up by the artillery of one corps alone.

The fine work done by the tanks in the beginning of the offensive is illustrated by the execution of one machine in command of Sergeant Graham. This tank ran far ahead of the infantry and captured a battery of German 77's, 17 heavy machine guns, five light machine guns and 75 prisoners.

When the tank went into action the sergeant crawled to the top of the turret and directed the operations from there.

Another tank unaided took 30 prisoners. The losses to the tanks have been very small. Only two of the machines have been destroyed entirely, and in the tank corps the Americans have suffered only four casualties. Not a man has been killed in connection with the operations of the tanks.

American aviators have been taking the most active part possible in the present fighting, and notwithstanding the bad weather, have been flying over German territory without opposition.

There seemingly can be no more talk of German mastery in the air. It is asserted that German balloons have been shot down near (name deleted). One daring flyer swooped low to attack a retreating battery and shot one of the officers dead from his horse.

Old U-Boat Scare Revived. Amsterdam.—Admiral von Scheer, chief of the German admiralty, is quoted by Dr. Wildgrube, conservative member of the Reichstag, according to a Dresden dispatch in the Cologne Gazette, as having said in the course of a speech: "You may say to the country with a good confidence that I do not doubt for a moment we shall bring England to her knees by submarine warfare. Only I shall not bind myself to a definite date."

# DEMANDS INDUSTRIAL PEACE

President Wilson Serves Notice on Striking Machinists.

Washington, D. C.—President Wilson took the war labor situation in hand personally Saturday and applied to "lawless and faithless employes" force in keeping with drastic measures which he disclosed had been adopted with his approval in dealing with recalcitrant employes.

Striking machinists and other war plant workmen at Bridgeport, Conn., were informed in a letter addressed directly to them by the President that they must return to their work and abide by the decision of the War Labor Board or be barred for a year from all employment over which the Government exercises control and lose all claims for draft exemption on occupational grounds.

At the same time the President announced that the plant and business of Springfield, Mass., the first employer to "haunt" the rules of the War Labor Board approved by Presidential proclamation, has been commandeered by the War Department to be operated for the period of the war.

In effect, the President gave notice to both employes and employers that no labor controversies would be permitted to stand in the way of production of materials needed for winning the war.

The great majority of both employers and workmen is co-operating heartily with the Government.

With the broad commandeering powers granted by Congress the large measure of control exercised over all plants doing war work, the operations of the Federal employment service and the far-reaching work or fight order of the Provost Marshal-General, the President is prepared to see that the few inclined to stand aloof do not interfere with the output of the industrial army.

## Eugene V. Debs Found Guilty.

Cleveland.—Eugene V. Debs, the socialist leader, charged with violating the espionage act, was found guilty by a federal jury here Saturday.

Debs' defense consisted of an address by himself in which he explained that he was working for the good of the whole world, but as to the charges he said:

"I deny nothing; I repudiate nothing; I retract nothing."

In Judge Westenhaver's instructions to the jury, he pointed out that the crime charged could be committed only in time of war.

"One's political belief, no more than his religious belief, can be accepted as an excuse," said the court.

Debs was found guilty of attempting to incite insubordination, disloyalty, etc., in the military and naval forces; attempting to obstruct recruiting and uttering language tending to incite, provoke and encourage resistance to the United States and to promote the cause of the enemy.

The count on which he was adjudged not guilty charged that he opposed the cause of the United States.

The maximum penalty is 20 years' imprisonment and a fine of \$10,000.

## Peace Near, Says Hertling.

London.—Notwithstanding the declaration of Germany's peace offer, Count von Hertling, Imperial Chancellor, announced that peace is nearer than is generally supposed, according to an address made by the Chancellor before the trades unionist leaders in Germany, says a dispatch to the Exchange Telegraph from Copenhagen.

The Chancellor declared that both the German government and army leaders desired an understanding and peace.

Count von Hertling said the government and the army leaders were against all conquests.

As soon as he was convinced of the impossibility of an agreement with the upper house on the suffrage question, the Chancellor said he would dissolve the lower house.

Prince of Hesse Willing. London.—Prince Frederick Charles of Hesse has declared his willingness to receive the crown of Finland, says a dispatch to the Exchange Telegraph company from Copenhagen.

The prince is visiting Finland, accompanied by a strong guard.

The Finnish landtag is summoned to meet September 26 for the election of a king.

Prince Frederick Charles is a brother-in-law of Emperor William, having married the emperor's youngest sister.

## Sure! High Heels Cause Corns But Who Cares Now

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freestone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freestone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissues of skin. A small bottle of freestone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freestone he can get it at any wholesale drug house for you—Adv.

Early Egyptian Maps. Maps originally appeared among the early Egyptians. They were wooden tablets on which land and sea, roads and rivers were fairly accurately outlined. The evidence of such maps is not only furnished in the old Egyptian papyrus rolls, but some of the actual maps have been discovered. It was once contended that the Greeks were the inventors of the art of cartography but it has been proved that the Egyptians antedated them in this respect.

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me.

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends." Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

Atlantic City, N. J.—Creation of the Grand Army and Navy Union of the Allied Nations is one of the propositions to be considered by the national convention of the Army and Navy Union in session here. It is proposed first to form the veterans of all wars in the United States into a union and then have all the other allied nations establish similar bodies which later will be taken into one international organization pledged to maintain peace and order.
