

## CANBY LOSES SUIT

The city of Canby was maled to the tune of \$4778 Thursday in the circuit court at Oregon City when a jury awarded Peter Hornig that amount in his suit against the city for personal injuries. He sued for \$10,000. He was injured while working for the city in its pumping plant. He once offered to settle for about \$500, which represented his hospital bill and doctor's bill but the city refused. It is said the city will appeal the case.

## COUNTY CORN SHOW

L. J. Chapin, representing the Salem King's Products Co., was here Friday. He stated that the Marion County Corn Show will be held at Salem, the second week in December, under the auspices of the Salem Commercial Club. In spite of the dry season, the corn yield, acreage, and quality of Marion county is the best ever, and the show will be likewise. The premium list will be about the same as last year. Corn products will all have a prominent place in the premium list. If you are interested, write L. J. Chapin, Salem, Oregon.

## BUTTEVILLE CITY ELECTION

Butteville will again pass through the throes of a campaign for the incorporation of that historic berg. November 5, the voters will pass upon the question, "Shall the city of Butteville surrender its charter and be reincorporated?" At the last election the proposal to reincorporate was defeated.

At the same time, city officials will be chosen. If the voters decide to surrender the city charter, the election of city officials will hold only until the date of reincorporation. The following are the candidates upon the official ballot.

For Mayor—J. F. Kinyon.  
For Recorder—Geo. E. Penrod.  
For Treasurer—Mrs. Grace Ryan.  
For Marshal—V. W. Southall.  
For Councilmen—Fred W. Scheurer, Josie Ryan and Randolph Woolworth.

As there are only as many candidates as there are offices, success seems to be a cinch for the above candidates.

**SENATOR McNARY KEEPS HIS WORD**  
Fulfills Every Pledge of Campaign and Should Be Re-elected.

**UNITED WAR FUND SURE TO BE NEEDED**  
Even End of Hostilities Would Not Change This.

"While a want of time precludes any elaboration of the various matters that may engage my endeavors," said Senator McNary at the time of his appointment to the Senatorship, "I shall advocate and enlist my efforts in behalf of National Equal Suffrage and National Prohibition, as each of these measures has been adopted by the people of the state which I am selected to represent."

"I shall cooperate immediately with any movement which has for its purpose the suppression of gambling and speculation in the necessities of life to the end that the consuming public shall pay a fair profit to the producer only."

On the same day, Oswald West said: "If the pledges he (Senator McNary) has made to the people are kept, and I am sure they will be, he will unquestionably be returned to the Senate at the next general election."

Senator McNary has kept his every pledge. He voted for submission of the National prohibition amendment to the Legislatures of the several states. He also voted for National Equal Suffrage and has introduced a bill fixing the prices of many essential commodities. Besides, he has a 100 per cent record for supporting the President's war program.

Senator McNary should be reelected for the increased service he will be able to render his state and nation.

Though the war should cease immediately it is said that every cent of the \$170,000,000 sought in the United War Work campaign in the United States, for the seven approved organizations ministering to the American fighters, will be needed just the same.

This is the word of leaders of the fund-raising campaign and their explanation is easily comprehended. In the first place, it has been officially estimated that 18 months to two years must elapse before all the American boys can be returned from foreign soil. There are the men of many other countries to be transported home when the war ends, so the number of boats for use of the Yankees will be limited. Then there is also the fact that thousands must remain so long as the great properties and stores of the United States have not been disposed of or returned.

Immediate cessation of war activities in Europe would plainly create grave problems connected with the care of the men. Remove the great motive which actuates every man at the front today and throw him into dull inactivity, with nothing much to do but await his chance to return to home and loved ones, and the work of keeping him cheerful increases in magnitude. The soldier welfare organizations foresee all phases of this grave contingency. They foresee how great would be the need for reading matter, entertainments, amusements, recreation and the cheery personal touch.
