

**"How Much Will
YOU Loan on it?"**

THIS BOY pawned his arm for
America.

He can never redeem it.

What will you lend on that arm?

What would YOU want him to
lend if it was YOUR arm?

Then lend it in

THE VICTORY LIBERTY LOAN

Victory over the Hun cost 75,000 American lives and made 250,000 cripples. Their sacrifice, and the high courage of those who came through the struggle unscathed, has made our homes safe and our lives secure. Some of them were our friends and neighbors. They kept faith with us---with you! Among all these gallant men that we know there were no slackers, no quitters. The eyes of these men who fought and won the war are upon you. Can you look them in the eye without shame if you do not take your full personal quota of the Victory Liberty Loan? Can you! Of course not! Then lend, for that is all this armless doughboy asks!
