

Entered as second class matter March 28, 1911, at the postoffice at Aurora, Oregon, under the Act of March 3, 1879.

NOTICE OF SCHOOL ELECTION TO INCREASE TAX MORE THAN SIX PER CENT OVER THAT OF THE PREVIOUS YEAR.

Notice is hereby given to the legal voters of School District No. 23 of Marion and 303 of Clackamas County State of Oregon, that an election will be held in said District at the I. O. O. F. Hall, Aurora, Oregon, on the 24th day of July, 1920, at 7:30 o'clock in the afternoon, to vote on the question of increasing the amount of the tax levy in said District for the year 1920, by more than six per cent over the amount of such levy for the year immediately preceding.

It is necessary to raise this additional amount by special levy for the following reasons: This increase is necessary to provide teacher's salaries, to purchase high school site and provide equipment for the new high school.

Dated this 30th day of June, 1920.

ZENO SCHWAB,

Chairman Board of Directors.

ALLEN J. ZIMMERMAN, Clerk.

Gordon R Watt was a business visitor at Kelso Monday.

Mr. and Mrs. A. Vierson were visitors in Woodburn yesterday.

Mr. and Mrs. G. A. Ehlen and children motored to Portland yesterday.

The Gladney Bros. were here from Union District on business Thursday.

Miss Lenna Key has been the guest of her sister Mrs. G. R. Watt the past week.

Mrs. W. H. Asquith was a visitor Monday at the home of Mrs. John Pugh for the day.

Take your cherries to Sadler & Kraus Aurora. Some varieties of cherries are now ready to pick.

Mr. and Mrs. F. L. Mathien were here from the home near Butteville Monday.

M. J. Lee is "batching" while his wife and daughter are away on a Chautauqua Circuit for several weeks.

W. L. Bently, manager of the Paulhamus fruit interests in this section was here on business yesterday. Sadler & Kraus are local agents for the company.

Among those here on business this week were Mr. and Mrs. V. Van Vleet, B. J. Grim, C. Giesy, Mr. and Mrs. Chas. Kraxberger, Mr. and Mrs. Crocker, Frank Albee, G. Plantz, and John Gahler.

A large number of the Aurora members of the Pythian Sisters lodge went to Hubbard Tuesday night to attend a meeting of the Hubbard Lodge of the same order. All report a fine time—and big "feed".

Senator Louis Lachmund, who was one of the leading candidates for president of the state senate, has withdrawn from the race. It is reported that he will throw his support to senator Eddy of Roseburg.

Manager McCroskey of the Salem Commercial Club was here Monday on business connected with the Marion county road bonds. The Aurora State Bank has agreed to take its share of \$4000 in bonds—if there are no bids in responses to the county court's call.

Purdy's "treason" to McAdoo seems to be causing a great deal of trouble in the Democratic ranks. But those who know Purdy well know also that he may be a candidate himself before the campaign is over. He once received 1300 votes for governor of Oregon. He ought to have as many for president.

BEST FOOD TO FATTEN FOWL

Whether Young or Old Mixed Grains Are Better Than Any One Variety — Milk Is Relished.

Mixed grains are better for fattening fowl, whether old or young than any one variety alone. Oats and corn, ground, are perhaps the most fattening. Buckwheat and ordinary wheat are good food and add variety to the rations but they are not so fattening. Chickens get tired of one kind of feed, the same as people do, but they thrive on mixed feed. Skim milk is one of the best articles of diet that can be put on the fowl's bill of fare. It is relished, it is healthful, it is nourishing and it greatly improves the color, flavor and texture of the dressed meat. Among the most rapid gainers for killing purposes are the barred Plymouth Rocks, the Rhode Island Reds and the Wyandottes. Fed on the above rations any of them can be made to gain from a pound to a pound and a half in three weeks, possibly less. This is profitable feeding.

FEED FOWLS DAMAGED GRAIN

It is Essential to Exercise Particular Care That Birds Are Not Injured by Material.

(Prepared by the United States Department of Agriculture.)

Although it is good management to allow poultry to rustle about in grain fields and stock yards after the grain crop has been stacked or thrashed, it is essential to exercise particular care that the fowl are not injured by feeding on damaged grain. Specialists of the United States department of agriculture assert that where damaged grain is fed in limited amounts to the flock which is on free range, the possibility of serious injury is reduced to a minimum. On the other hand, they state that it is advisable not to feed the damaged grain—and never to use this material if it is moldy or musty—in anything but very small amounts where the fowl are closely confined all the time. There is an inexplorable something about the range which the birds have as well as the waste products which they utilize that apparently keeps them healthy, so that

they are able to handle small amounts of grain which are not too seriously damaged. It is especially necessary to watch corn and cornmeal, as these feeds are inclined to spoil rather easily.

GREEN BONE GOOD FOR HENS

Material Can Often Be Purchased From Local Butcher—Is Substitute for Meat Scrap.

(Prepared by the United States Department of Agriculture.)

Green cut bone can often be purchased from the butcher. This material when procured fresh makes an excellent substitute for beef scrap. It should be purchased in small quantities, as it cannot be kept fresh for any length of time and when spoiled may cause severe bowel trouble. It is best fed in a trough not oftener than every other day, allowing about one-half ounce per bird. Should severe or continued looseness of the bowels follow the feeding of green cut bone it should be discontinued or the quantity reduced.
