**CORINNE GRIFFITH**

Corinne Griffith is known as the best dressed woman on the screen. Her gowns are designed especially for her productions and quite frequently this favorite of the silver screen sets the style for Dame Fashion. But dress is not the only asset Miss Griffith possesses; her facial expression is in a class by itself. There is not an emotion, shade or degree of feeling that she cannot express with her features. "The Climbers," "The Tower of Jewels," "Human Collateral" and "Deadline at Eleven" give an idea of her versatility. These features also show Miss Griffith in some of her latest gowns.

**OBSERVATIONS**

Many of us are inclined to believe that we can afford anything that we can buy on the installment plan.

Business men pay for their advertisements by the inch, but the average politician want his by the yard—often gratis.

The proposed increase in the pay of members of the Oregon legislature from \$3.00 to \$5.00 per day is really a joke when we recall that ordinary labor commands an even higher wage. But, perhaps, the people may take into consideration what the legislators really do—and give them as much as the common laborer.

**POPULATION STATISTICS OF SOME VALLEY TOWNS**

The census bureau has given out the population figures for a number of valley towns this week. Among them are the following with the figures for 1920 and 1910.

**Thieves Rob Gravel Plant**

Thieves stripped the Hall & Washburn gravel plant on the Irvin place of various parts and tools Sunday night. They took the regulator on the donkey engine, the brass fittings on the gas engine and pumps, wrenches and oil cans. The value of the stolen articles is about \$100. The plant was held up for half a day Monday, but new parts were brought out from Portland by noon.

The guilty parties are not known positively, but the owners and local officers have strong suspicions that may lead to the arrest of the thieves.

**Speed Cops In The Brush**

News from Salem indicates that the sheriff's office is taking effective steps to stop speeding on the Pacific Highway in Marion county. Motorcycle officers have been stationed along the highway for some time, with their machine and themselves hidden in the brush. When a speeder comes along out comes Mr. Speed Cop after him. If the motorist is exceeding the lawful limit, he must face the judge the next morning.

Aurora motorists all being law abiding drivers need cast no apprehensive glances brushward as the "old boat" glides along the pavement at the legal rate!
