EARLE WILLIAMS

"Don't change your company," is the advice Earle Williams gives to young screen players, and then he adds, "providing you are with the right company." Earle Williams is one of the few film players who has never changed his habitation from one studio to another. He commenced his career 12 years ago with the Vitagraph star family and has never strayed from the fold. "The Wolf," visualized from Eugene Walters' famous stage play, and "The Fortune Hunter," from Winchell Smith's play, have been the means of emphasizing Mr. Williams' ability and popular attraction recently.
