## CROSSING ACCIDENTS

Auto drivers who meet disaster, and perhaps death, in an attempt to beat a train to a railroad crossing failed to realize how little time they would have saved had they "made it"—with disastrous results.

The average passenger train requires less than 10 seconds to pass the crossing, and the heavier trains not over 20 seconds. Most of the crossing accidents are due to collision with high speed trains, but in any case the delay to motorist is insignificant.

Only a few seconds! Is it worth the risk? Only to those who have less brains than time.

## SPARE "THEM" DOGS!

According to Salem papers, county clerk Boyer has informed anxious dog owners that the dog license law has been rendered non-effective through injunction proceedings, and that dog owners outside of incorporated towns need not worry about the movements of the county dog catchers. Until the court makes the injunction permanent or declares the law proper and constitutional, dog owners may rest easy, for at present the county officials slogan is "spare 'them' dogs!"

It has been suggested that the women of the city place a ticket in the field for municipal officers, but no "slate" has been prepared so far as can be learned.

Aurora democrats predict that the Republicans will go to the polls November 2 and vote for Chamberlain in the same old way, and the sad thing about it, politically, is that the prediction will probably come true!

The Oregon Growers Co-operative Association announces that it will spend \$50,000 in 1921 to advertise the Oregon prune. Thereafter it will be a crime to say, "you poor prune!" Pa Perkins to the contrary notwithstanding.

The hopes of all counties that voted bonds in excess of the 20 per cent limitation have been blasted by the supreme court's decision that such bond issues are invalid because they exceed the 2 constitutional limitation in effect at the time the bond elections were held, although the limitation has been increased to 6 per cent. Union county has sold its bonds thus issued, and the owners of the bonds are now suing for the interest—and good lawyers believe they will collect it, even though the issue has been declared invalid.

The bank of California, Portland, is authority for the statement that 70 per cent of all the money loaned on Oregon real estate comes from outside the state. The passage of the measure to fix the legal rate at 4 per cent would result in the withdrawal of this money. Wholesale foreclosures would follow and thousands of home owners, farmers and business men would lose their mortgaged property. Our mills and factories could not secure loans and many would be forced to close, and there would be widespread unemployment and financial distress. To thinking people these will be the inevitable results should this measure pass. The welfare and reputation of the state require that it be overwhelmingly beaten.

## 185 audiences tried it this way

**M**OST people know that the musical enjoyment which they get out of a phonograph depends upon one thing. That thing is the phonograph's realism.

This picture shows the best way to test a phonograph's realism. Miss Betsy Lane Shepherd, the famous soprano, is standing beside the New Edison, and singing in direct comparison with the New Edison's RE-CREATION of her voice.

185 audiences, aggregating more than 100,000 people, have actually heard this comparison. None could distinguish between her living voice and its RE-CREATION.

This is one of the phenomenal records of realism. The New Edison holds all other records of realism, too, because no other phonograph attempts this comparison-test—or could sustain it.

## The NEW EDISON

"The Phonograph with a Soul"

## You try it this way

—the way we use in our store!—the Realism Test! Test the New Edison's Realism against the pleasure you know music can bring.

Tell us what kind of voice or instrument gives you truest musical enjoyment. Listen while we play your favorite on the New Edison. The Realism Test will enable you to gauge whether the New Edison's RE-CREATION gives you all of this enjoyment.

This is your test! It will help you determine what the New Edison's Realism means, in terms of your own musical enjoyment.

Ask for it! The "Personal Favorites" Realism Test.

Another thing to ask about is our Budget Plan. It disposes of the money question, in a way that will appeal to your common-sense and to your pocketbook.
