East, West, Homes Best

It has been said that The Youth's Companion has had more readers per copy than any other publication in America. There is good reason to believe this is true. But the important thing is that the influence of the paper upon its millions of readers has always been directed to building character. "East, west, home's best", has been its unuttered slogan. Its articles, editorial and otherwise, it has dwelt upon the importance of good citizenship. In all its contents it has aimed to give not only entertainment, but "stepping stones to higher things."

A year of The Youth's Companion brings a tremendous tide of delightful and diversified reading that cannot be found elsewhere.

The 52 issues of 1921 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1921.

"You may be Sure"

says the Good Judge

That you are getting full value for your money when you use this class of tobacco.

The good, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often—nor do you need so big a chew as you did with the ordinary kind.

Any man who has used the Real Tobacco Chew will tell you that.

Oregon Must Have a Port Equal To Any Port On The Pacific Coast

Initiative measure No. 310 on the ballot gives to the Port of Portland means to create such a port.

The primary object of this bill is to furnish the means to insure the opening and maintaining of a 30 foot channel from Portland to the sea and of building and establishing port facilities at the City of Portland sufficient to handle the foreign and coastwise shipping of that port.

The cost of this improvement will be met by the people living within the boundaries of the Port of Portland.

When you go to the Polls November second vote 310 YES and give to the Port of Portland the power to maintain its 30 foot channel to the sea and to build adequate port facilities to handle all of the great products of the interior of the state.

The passage of this bill means lower freight rates for the products of Oregon in reaching the markets of the world and a consequent greater profit to the producers.

This is the most important and the most valuable measure that has ever been put up to the voters of the interior portions of the state.
