TWENTY-EIGHT YEARS AGO

Appraisers appointed for the Butteville road were in session yesterday at Aurora.

Mr. Peters and daughter of Marks Prairie, made a trip to Oregon City, Wednesday.

Canby is soon to be a money order post office. Geo. Knight, the postmaster, has already sent in his bond.

H. C. Ehlen has gone to Uniontown, Wash., where he has a government position.

The following items appeared in the "Three Sisters," published, December 1, 1892, at Barlow:

The hop crop is estimated at 25,000 bales for this year. Judging from reports, the acreage will be doubled next year.

Hops are quoted at 17 to 20 cents in the Portland market. Several carloads of potatoes have been shipped (from Aurora) to California, at 30 cents a bushel, net.

W. W. Irvin received a severe jarring yesterday by coming in contact with a clothes line while he was riding to head off some cattle. The line struck him across the forehead.

Willie Bauer is a great lover of bathing. Even the chilly blasts of November have no terror for him. While driving calves across the Pudding river, he could not resist the temptation to take a dip with them. His horse assisted him into the water.

MODERN CRANKCASE CLEANING SERVICE

WE USE
CALOL FLUSHING OIL
ZEROLENE

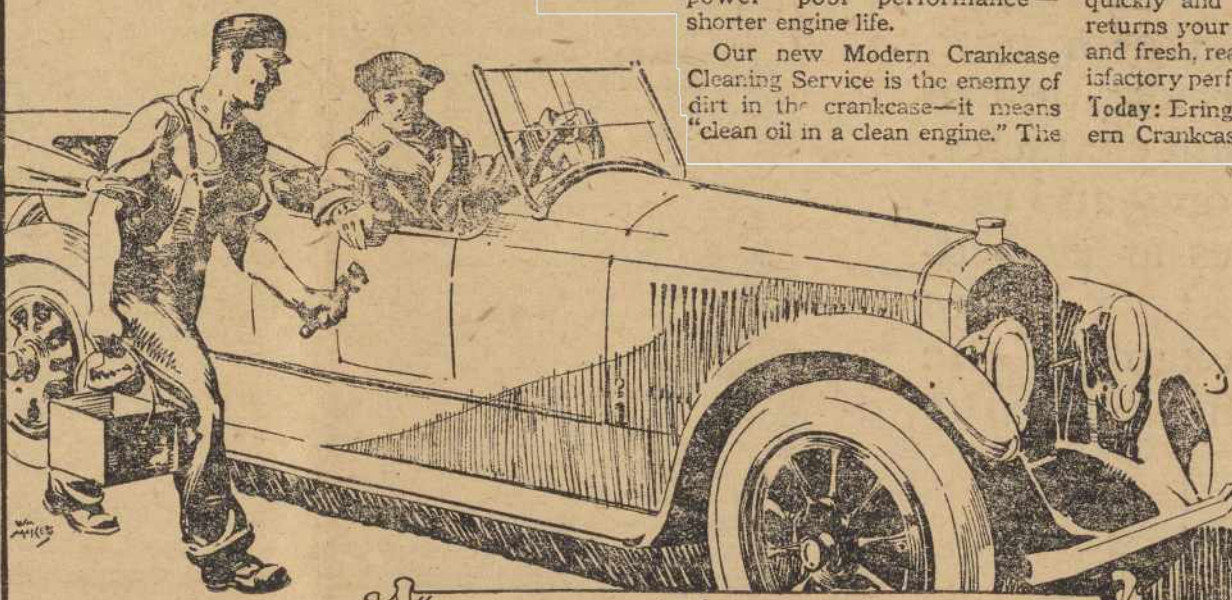

Dirt in your Engine Oil—
Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The

new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfactory performance you expect. Today: Ering in your car for Modern Crankcase Cleaning Service.
