Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

YOUR ENGINE requires an internal bath frequently. Road dust, carbon from the combustion chamber, and fine particles of metal worn from the bearing surfaces get into the lubricating oil in the crankcase. All this dirt circulates with the oil through the engine. If it isn't drained out regularly there's bound to be excessive wear and tear.

Gasoline also escapes past the pistons and dilutes the oil.

Modern Crankcase Cleaning Service gets rid of the dirty, diluted oil,

flushes the crankcase thoroughly and refills with clean, fresh oil.

The garages listed below are now equipped to perform this needed service quickly and for a nominal charge. We use Calol Flushing Oil, which cleanses thoroughly without danger of contaminating the fresh Zerolene refilled into the cleaned crankcase.

TODAY: Bring in your car for Modern Crankcase Cleaning Service. It will result in better engine performance and longer life for your car.
