The NEW EDISON

"The Phonograph with a Soul"

At last you can learn What Edison Did during the War

YOU wondered—everybody wondered, and practically nobody knew how Edison "did his bit." At last the official announcement is out! Come in and get your copy of the bulletin: "What Did Edison Do During the War?"—or write, if you can't call.

It tells what Edison did while Chairman of the Naval Consulting Board—how he spent months at sea, experimenting and in-

venting devices for foiling the German submarines.

The bulletin also tells how Edison stood the gaff and kept the price of the New Edison down to bed-rock during the era of high costs and soaring prices. The New Edison has increased in price less than 15% since 1914—part of this increase is war tax. The bulletin also tells Mr. Edison's views on our Budget Plan which makes the New Edison easy to buy.
