**Wealth Not Life's Real Prize.**  
 Wealth is not the real prize of life; it is only a trophy, a symbol and may carry with it no satisfaction; indeed, it does not carry with it genuine, lasting satisfaction unless won and employed fairly, honestly, honorably.

Nothing, since the passing of the hoopskirt, is harder to get permanently thrown away than old phonograph records.

## THE ROMANCE OF WORDS

"MRS. GRUNDY."

ONCE upon a time—and not so very far back, at that—there was a real Mrs. Grundy, the wife of Judge Felix Grundy of Nashville, Tenn. The lady belonged to the best social set of the Southern city and her opinions on good form were highly respected though, in the light of modern usages, they would be considered extremely straight-laced.

During the time at which Mrs. Felix Grundy ruled the social set of Nashville it happened that a theatrical company visited the city, presenting a play known as "Speed the Plough." History does not state whether the piece was humorous or serious, vulgar or refined. In Mrs. Grundy's mind it was enough that it was a dramatic production for the wife of the judge held that the after-going was a pastime which should not be indulged in by ladies and gentlemen because of the fact that it was frowned upon by the church. By a curious coincidence, one of the characters of the play was also named Mrs. Grundy and the audience laughed whenever she was mentioned. The connection was later explained to Noah M. Ludlow, manager of the company, and the name was launched in theatrical parlance as the title of a mythical person who rules the social and moral destinies of a community.

After Martin Van Buren's election to the presidency, Judge Grundy was made attorney general of the United States—but his claim to fame is as nothing when compared to that of his wife.

## THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good  
 By JESSIE ROBERTS

## RAINY TOMORROW

EXPERTS are agreed that sooner or later there may be a slump in financial matters, and that money will be much harder to get than it is now. Sider's employment—in short, after a lot of fair weather, rain may be looked for.

Are you getting your umbrella and overshoes, metaphorically speaking, for the wet spell?  
 In other words, are you laying aside some of the money you are getting today for the time when you find it difficult to make as much?  
 No woman in business or employment of any kind should spend her entire income. Even with the best of luck there is likely to be a time when money is badly needed, and when a sum in the bank or properly invested may be really a life saver.

A spell of illness, an accident, a sudden responsibility—these things are apt to come to any of us, to all of us. To meet them we need more than the regular sum we make; we need a reserve. And it is a fatal mistake to spend your entire income in the full days, simply because you take it for granted that you will always go on making as much as you are now, or even more. You may do so, you may make more for awhile, and again you may not. And if you have never developed the habit of saving part of what you make you will be no more secure when your income grows larger, because you will continue to spend it all.

It is no use counting on it always being FAIR and WARMER for you. Make sure that some day it will read, RAIN TOMORROW, and that it will be right. Be prepared. And especially now, when the world is in a most upset condition, and when anything may happen, make your own future as secure as you may by laying something away each week, and by buying sound securities when you have enough laid by to do so.

**MILITANT MARY**  
 Some girls wear sashet bags and some adore PERFUMERY. Well, they may have their fancy sniffs—A COPPER-CENT FOR ME!  
 E. FitzHugh

**Burglar-Proof Safe.**  
 Ability to resist the most potent cutting tool so far known, the acetylene torch, is the remarkable characteristic of a burglar-proof alloy now being used for lining bank vaults and safes, says Popular Mechanics Magazine. In an official test, a four-inch plate of the material showed only a small hole, two and one-eighth inches deep, after nearly four hours' work with a cutting flame.

## THE VERY BEST TIME to take Doctor Pierce's Golden Medical Discovery is now, if you feel that your blood is out of order. Don't wait until you have to cure disease; it's easier and better to prevent it.

With the first blotches or eruption, or the dullness, weariness and depression that are some of the symptoms, you need this tonic. It will rouse organs into healthy action, thoroughly cleanse and repair your system, and build up needed flesh, health, and strength. Druggists sell "Discovery" in tablets or liquid.

**How Gasoline Destroys.**  
 The bureau of biological survey says that practically all insect life obtains its supply of oxygen through little holes in the body. When such oily substances as gasoline come in direct contact with these pests it is impossible for them to breathe, and death shortly ensues.

**Their Occupation.**  
 A little five-year-old miss was visiting in the country, and was sent to the barn, where some men were shearing sheep, to look for her brother. She soon returned without him and said: "He ain't there; ain't nobody there only some men peelin' sheep."

**Wash Cuticura Improve Your Skin.**  
 On rising and retiring gently smear the face with Cuticura Ointment. Wash off Ointment in five minutes with Cuticura Soap and hot water. It is wonderful sometimes what Cuticura will do for poor complexions, dandruff, itching and red rough hands.—Adv.

**Jud Tunkins.**  
 Jud Tunkins says that if he followed all the instructions in the books about how to take care of an automobile and how to take care of a typewriter, he'd never have time to ride anywhere or write anything.

**Garfield Tea.** by purifying the blood, eradicates rheumatism, dyspepsia and many chronic ailments.—Adv.

**Salem.**—Twenty house bills passed by the legislature at its special session last January and later vetoed by Governor Oletot, and one bill enacted into a law at the time vetoed by the late Governor Withycombe, will be submitted for the consideration of the 1921 legislature when it convenes here January 10. Eleven of these house bills which met disapproval at the hands of Governor Oletot had for their purpose the designation and location of state highways and post roads, while the remaining nine bills had to do with various subjects of state and county government.

**Paint Screens With Sponge.**  
 Wire screens can be painted more easily and with better results than by the ordinary method of painting with a brush, if the paint is thinned and applied to the screen with an old sponge.—Edward B. Zolle, in Popular Mechanics.

**Yes, Indeed.**  
 It is too bad that our ancestors did not live long enough to realize how smart we are.—Detroit Journal.

**Chronic Constipation** is as dangerous as disagreeable. Garfield Tea cures it.—Adv.

**Ozark's Truthful James.**  
 There may be some new-fangled method of achieving success that looks good for a time, but we don't believe any man has ever improved on the old formula of hard work and honesty.—Searcy Citizen.

**A Record Holder.**  
 A small boy, born in a Turkish harem, is said to have 48 stepmothers living. Our office boy, however, is still undefeated in the matter of recently defunct grandmothers.—London Punch.

**Would Change Things Sadly.**  
 "It is healthier to be cremated," says an English physician. Maybe so, but for our part we know we should never be the same man again.

**Woman's Suffrage.**  
 The first state to grant full suffrage to women was Colorado, in 1893. However, the Wyoming territory, in 1869, had enfranchised women.
