—and, if we do not have your exact size in the twenty new, snappy and up-to-the-minute styles which we are showing in this Virgin wool cloth, we will make up a special suit for you from the cloth you select at no extra charge whatever! We have on hand today over one thousand brand new suits for our customers made from selected Virgin wool cloth and our clothing factory is making more of them at the rate of about fifty suits each day.

This is a new deal in the clothing business, back to pre-war prices and better than them in

QUALITY

Do You Know the Meaning of Virgin Wool

Virgin wool is the pure, long-fibre wool direct from the sheep to which there has been no cotton, shoddy or reworked wool added. Fully half of the suits sold today contain shoddy or reworked wool. Shoddy is usually old rags, some of which are picked up in gutters and back yards; in fact, many shiploads of old rags are shipped to this country to be made into shoddy cloth for men's clothing. Reworked wool is usually manufacturer's clippings returned to the Woolen Mills and ground up into short wool, which does not have the strength of the new, long wool fibers such as are found in Virgin Wool cloth. Demand and buy only suits bearing a "Guaranteed Virgin Wool" label.

MAIL ORDERS FILLED

Inquiries and requests for samples are invited from every man, young man and boy in the west. Our new catalogue giving full descriptions, instructions for ordering by mail, order blanks and samples of cloth will be sent FREE to anyone for the asking. Orders are especially solicited from Wool Growers' Associations and sheepmen in general. Help boost the great wool industry by demanding and wearing clothes made from Virgin Wool only.
