Town Topics

Joe King was an Oregon City visitor Sunday.

B. J. Grimm was an Aurora visitor Saturday.

Here's hoping Summer's here to stay for a while:

Alfred Compeau and wife were in Aurora Saturday.

Frank Miller was a Hubbard business visitor several days last week.

Miss Diana Snyder spent the week end at home from M. A. A. at Mt. Angel.

Nora Blosser has returned from Seaside where she has been visiting Mrs. I. F. Kerr.

Mr. and Mrs. Julius Zimmerman and family spent the week end in Aurora visiting relatives.

Miss Ida Jones of Portland spent the week end at the home of Mrs. Morris and attended the dance Saturday night.

The strawberries are getting ripe and all the farmers are putting up scare crows and getting out their old shotguns.

The Hubbard city water is condemned. This brings in to prominence another one of Aurora's good points—our fine Artesian well water.

The room situated on Main street between the confectionery and electric office, is being re-modeled, decorated and improved for temporary quarters of the First National Bank of Aurora. The new bank, we understand, will be ready for business in a few days.

Prosperity is what you make it. The world will believe in you just to the extent you believe in yourself. Build your own prosperity.

STOP, LOOK AND LISTEN

AS WEBSTER SAYS:

SOUND—Strong, Safe, Perfect.

Had Webster been speaking of Sound Tires he could not have more aptly described the word.

For sound tires are strong—amply able to bear the heavy load under the wracking strain of the country roads.

Sound tires are safe—they hold the car safe in its course on any road, at any speed.

Sound tires are perfect—as nearly perfect as human ingenuity, care and skill can make them—competent to wear long miles beyond any guarantee, to more than repay you for your investment.

Sound tires serve you better, cost you less, add to the beauty of your car and to your pleasure in driving because they are

Farming Is a Business

And like every business, it requires forms, records and blanks that give you the facts about your farm, just as a business man has them about his business.

We print forms and letterheads (every business farmer should have his own letterhead) on Hammermill Bond, the Utility Business Paper.
